1969 TOWN OFFICERS

Moderator: Philip S. Dunlap

Selectmen:
- Joseph S. Ransmeier . . . . . term expires 1970
- Donald N. Rice . . . . . term expires 1971
- Thomas H. Johnson, Jr. . . . . term expires 1972

Town Clerk: David B. Packard

Town Treasurer: Owen L. French

Tax Collector: Virginia Astles

Chief of Police: James P. Hargrove

Overseer of Poor: Olive M. Cooley

Budget Committee:
- Edward C. Leadbeater . . . . . term expires 1970
- L. Melvin Tucker . . . . . term expires 1970
- Richard I. Gourley . . . . . term expires 1971
- Fred D. Roberts . . . . . term expires 1971
- Shepard J. Wilder . . . . . term expires 1972
- Marshall M. Moyer, Sr. . . . . term expires 1972

Supervisors of the Checklist:
- Pauline D. Wilder . . . . . term expires 1970
- Carolyn B. Wallace . . . . . term expires 1972
- Marilyn A. Tucker . . . . . term expires 1974

Auditors:
- Horace G. Chase . . . . . (appointed) term expires 1970
- Rupert Irvine . . . . . (appointed) term expires 1970
- John P. McAllaster . . . . . term expires 1971

Forest Fire Warden: Frank D. Johnson

Fire Wards:
- Ernest S. Archibald, Contoocook
- Raymond C. Proctor, Hopkinton
- Stanley L. White, W. Hopkinton

Trustees of Trust Funds:
- Vivian M. Mitchell . . . . . term expires 1970
- Arthur S. Duston . . . . . term expires 1971
- Jessie H. Brown . . . . . term expires 1972

Library Trustees:
- Charles G. Douglas, Sr. . . . . term expires 1970
- Jessie H. Brown . . . . . term expires 1971
- Sarah B. Coen . . . . . term expires 1972

Fence Viewers:
- Alfred N. Chandler
- Roy Kimball
- George W. Bean

Tree Warden: Kenneth Parker

Weigher: Horace T. Cayer

Fire Chief: Erlon Salsbury

Road Agent: Bernard G. Foster

Sexton: Bernard G. Foster

Surveyors of Wood and Lumber:
- Angus P. Derry
- Arthur S. Duston
- Walter W. Dwyer, Jr.

Town Road Committee:
- Martin Verville . . . . . term expires 1970
- Irvin A. Grubbs, Sr. . . . . term expires 1971
- Harry C. Parker . . . . . term expires 1972
- Richard A. Brunel . . . . . term expires 1973
- Bruce George . . . . . term expires 1974

Town Forestry Board:
- Walter W. Dwyer, Jr. . . . . term expires 1970
- Percy Wilson . . . . . term expires 1971
- Arthur S. Duston . . . . . term expires 1972
- Everett Jones . . . . . term expires 1973

Conservation Committee:

George Hamilton	term expires 1970
Allen I. Lewis	term expires 1970
Arland C. Bernier	term expires 1972
Walter W. Dwyer, Jr.	term expires 1972
Hilbert R. Siegler	term expires 1972

Town Planning Board:

Lindsay M. Collins	term expires 1970
G. Peter Guenther	term expires 1970
Stanley W. White	term expires 1971
Winfred L. Foss	term expires 1972
Eugene A. Slusser	term expires 1973
William Chalfant, III	term expires 1974

Cemetery Trustees:

Earl J. Rice	term expires 1970
Owen L. French	term expires 1971
Spencer S. Dodd	term expires 1972

Precinct Commissioners

Contoocook

Arthur E. Starkweather, Jr.	term expires 1970
Robert R. McManus	term expires 1971
Raymond J. Bowen	(Resigned)
Thomas V. Krzyzaniak	(Appointed) term expires 1970

Hopkinton

Spencer S. Dodd	term expires 1970
Thomas O'Donnell	term expires 1971
Bernard G. Foster	term expires 1972

Hopkinton Zoning Board: Selectmen

Hopkinton Zoning Board of Adjustment:

P. Whitman Smith	term expires 1970
Warren Hedden	term expires 1971
Augustine P. Moynihan	term expires 1972
Frank Holmes	term expires 1973
Channing Haskell	term expires 1974

Hopkinton Village Zoning Board: Precinct Commissioners

Hopkinton Village Precinct Zoning Board of Adjustment:

Joseph Ransmeier	term expires 1970
Erlon Salsbury	term expires 1971
John Abbot	term expires 1972
Robert Macrae	term expires 1973
Hilbert Siegler	term expires 1974

Representative to the General Court:

Samuel Reddy, Jr.
Robert H. Gile

Public Health Nursing Association

Raelene Clough	term expires 1970
Joseph S. Ransmeier, Selectman	term expires 1970
Andrew McEvoy, School Board Member	term expires 1970
Rachael Johnson	term expires 1971
Ivy Young Kelley	term expires 1971
Mildred Northrup	term expires 1971
Helen Langwasser	term expires 1971
Ruth N. Clark	term expires 1972
Blanche Roberts	term expires 1972
Margaret Smith	term expires 1972
Ruth Feldhusen	term expires 1972
Thomas E. Johnson, Jr., Selectman	term expires 1972
J. Howard Lightfoot, M. D., Health Officer Health Officer	term expires 1972

WARRANT FOR ANNUAL MEETING

The Polls will be open from 9:00 A. M. to 6:00 P. M.

To the Inhabitants of the Town of Hopkinton in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Hopkinton on Tuesday, the tenth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To see what action the Town will take with respect to three proposed amendments of the Town Zoning Ordinance, one prepared by the Town Planning Board and two proposed by Petition of certain voters of the Town, by voting by ballot upon the following questions:

As to Amendment No. 2 prepared by the Planning Board:

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance concerning certain special uses in the Rural Zone and the procedure to be followed in obtaining Special Use Permits?

Yes ☐

No ☐

As to Amendment No. 1 proposed by Petition of certain voters of the Town:

Are you in favor of the amendment of the Town Zoning Ordinance as proposed by the Petition of certain voters to extend the present Commercial Zone to include an area of land 500 feet deep on each side of Maple Street and extending along Maple Street 1362 feet toward Contoocook Village from the northeasterly right of way line of Interstate 89 and also extending along Maple Street 1362 feet southwesterly toward West Hopkinton from the southwesterly right of way line of Interstate 89?

The Planning Board disapproves this proposed amendment — Yes ☐ No ☐

As to Amendment No. 3, proposed by Petition of certain voters of the Town:

Are you in favor of the amendment of the Town Zoning Ordinance as proposed by Petition of certain voters to create a new zoning district to be known as "(6) Apartment District", permitting multi-family dwellings subject to certain restrictions therein, and such district to be bounded westerly by Route 127, southerly by Route 202, and easterly and northerly by Route 103?

The Planning Board disapproves	Yes ☐
this proposed amendment	No ☐

3. To see if the Meeting will vote to recess its further business proceedings under the Warrant, to reconvene on Wednesday, March 11, 1970 at 7:30 P. M. at Hopkinton High School, the polls, however, to continue open under Articles 1 and 2 as declared by the Moderator.

4. To see if the Town will vote to raise and appropriate the sum of $8,500.00 for Town Officers' Salaries.

5. To see if the Town will vote to raise and appropriate the sum of $10,900.00 for Town Officers' Expenses.

6. To see if the Town will vote to raise and appropriate the sum of $900.00 for Election and Registration Expenses.

7. To see if the Town will vote to raise and appropriate the sum of $5,000.00 for the expenses of Town Hall and other Town buildings.

8. To see if the Town will vote to raise and appropriate the sum of $4,000.00 for Employees' Retirement and Social Security.

9. To see if the Town will vote to raise and appropriate the sum of $24,700.00 for the Police Department (including $2,300 for a new cruiser).

10. To see if the Town will vote to raise and appropriate the sum of $12,000.00 for the Fire Department.

11. To see if the Town will vote to raise and appropriate the sum of $1,500.00 for Hydrant Rental.

12. To see if the Town will vote to raise and appropriate the sum of $1,200.00 for Blister Rust and Care of Trees.

13. To see if the Town will vote to raise and appropriate the sum of $7,200.00 for Insurance.

14. To see if the Town will vote to raise and appropriate the sum of $400.00 for Planning and Zoning.

15. To see if the Town will vote to raise and appropriate the sum of $50.00 for Damages by Dogs.

16. To see if the Town will vote to raise and appropriate the sum of $500.00 for Damages and Legal Expenses.

17. To see if the Town will vote to raise and appropriate the sum of $400.00 for Civil Defense.

18. To see if the Town will vote to raise and appropriate the sum of

$5,500.00 for the Health Department Expenses and employment of a District Nurse.

19. To see if the Town will vote to raise and appropriate the sum of $789.00 for Concord Hospital.

20. To see if the Town will vote to raise and appropriate the sum of $560.00 for the Concord Mental Health Center, Inc.

21. To see if the Town will vote to raise and appropriate the sum of $75.00 for Vital Statistics.

22. To see if the Town will vote to raise and appropriate the sum of $500.00 for Sewer Maintenance.

23. To see if the Town will vote to raise and appropriate the sum of $2,800.00 for the expenses of the Town Dump.

24. To see if the Town will vote to raise and appropriate the sum of $52,000.00 for Town maintenance of Highways and Bridges. ($20,000.00 – Summer work, $32,000.00 – Winter Work.)

25. To see if the Town will vote to raise and appropriate the sum of $250.00 for Street Lighting.

26. To see if the Town will vote to raise and appropriate the sum of $8,000.00 for General Expenses of the Highway Department.

27. To see if the Town will vote to raise and appropriate the sum of $1,873.60 for Town Road Aid. (The State to contribute $12,490.66)

29. To see if the Town will vote to raise and appropriate the sum of $4,500.00 for Town Poor.

30. To see if the Town will vote to raise and appropriate the sum of $4,000.00 for Old Age Assistance.

31. To see if the Town will vote to raise and appropriate the sum of $450.00 for Memorial Day.

32. To see if the Town will vote to raise and appropriate the sum of $450.00 for the support of the Hopkinton Community Center.

33. To see if the Town will vote to raise and appropriate the sum of $1,050.00 for Parks and Playgrounds.

34. To see if the Town will vote to raise and appropriate the sum of $4,900.00 for Cemeteries.

35. To see if the Town will vote to raise and appropriate the sum of $250.00 for the use of the Conservation Commission.

36. To see if the Town will vote to become a member of the regional planning commission, now organized and named the Central New Hampshire Regional Planning Commission, such Commission to have a membership of at least two municipalities with jurisdiction over the planning region delineated by the State Office of Planning and Research, and its objective being to plan for and encourage regional planning analysis, provide consensus on major problems of regional concern and to assist in the effectuation of projects within, and which extend beyond, the boundaries of a particular town.

The Commission shall have all authority conferred on it by law including

Chapter 36:45-53, Revised Statutes Annotated, 1955, and will be an advisory commission to local governments in the region, with its members to be appointed by the Selectmen in accordance with State law, and Hopkinton to have initially two representatives.

37. To see if the Town will vote to raise and appropriate the sum of $2,088.30 as the Town's share for the studies and operation of the Central New Hampshire Regional Planning Commission, such funds to be used for financing the staff, operation expenses, planning studies, technical assistance and other programs of the Commission, and shall be expendable in conjunction with other State and Federal funds available for planning purposes.

38. To see if the Town will vote to raise and appropriate the sum of $2,100.00 for Interest on Temporary Loans.

39. To see if the Town will vote to raise and appropriate the sum of $850.00 for Interest on Long Term Notes.

40. To see if the Town will vote to raise and appropriate the sum of $5,000.00 for Town Construction and Permanent Improvement of Roads and Bridges.

41. To see if the Town will vote to raise and appropriate the sum of $1,500.00 for Sidewalk Construction.

42. To see if the Town will vote to raise and appropriate the sum of $1,800.00 to purchase and erect a flagpole near the Town monument at Hopkinton Village square.

43. To see if the Town will vote to raise and appropriate the sum of $21,500.00 to provide for an addition to the rear of the Town Hall for improved facilities for the police department, selectmen's offices and public lavatories, as well as incidental interior improvements of the present building, including acquisition of any necessary additional land or rights or easements required in adjacent premises, and will authorize the Board of Selectmen to borrow not more than the sum of $20,000.00 in the name of the Town for the purpose and to execute and issue evidence of such indebtedness notes or bonds of the Town of Hopkinton pursuant to the provisions of the Municipal Finance Act and any other applicable laws of the State of New Hampshire.

44. To see if the Town will vote to raise and appropriate the sum of $30,000.00 for repairs and renovation of the Town bridge over the Contoocook River at Tyler, and will authorize the Board of Selectmen to borrow not more than the sum of $20,000.00 in the name of the Town for the purpose and to execute and issue evidence of such indebtedness notes or bonds of the Town of Hopkinton pursuant to the provisions of the Municipal Finance Act and any other applicable laws of the State of New Hampshire.

45. To see if the Town will vote to raise and appropriate the sum of $1,500.00 for additional work at the site of the old Patenaude property on River Street in Contoocook Village, including any necessary or emergency work to seal off leakage at any of the water control facilities, as well as to grade and loam the site, prepare a limited public parking area, and to provide any necessary

arrangement for protection of the public in the area.

46. To see if the Town will vote to raise and appropriate the sum of $7,500.00 for the purchase of a sidewalk plow to be used primarily in Contoocook Village, and further will authorize the Board of Selectmen to borrow $5,000.00 in the name of the Town for the purpose and to execute and issue evidence of such indebtedness notes or bonds of the Town of Hopkinton pursuant to the provisions of the Municipal Finance Act and any other applicable laws of the State of New Hampshire.

47. To see if the Town will vote to raise and appropriate the sum of $1,200.00 to be placed in a Capital Reserve Fund for the replacement of the police cruiser.

48. To see if the Town will vote to raise and appropriate the sum of $1,500.00 to be placed in a Capital Reserve Fund for the replacement of the ambulance.

49. To see if the Town will vote to raise and appropriate the sum of $500.00 to be placed in a Capital Reserve Fund for the replacement of the Civil Defense truck.

50. To see if the Town will vote to require that not more than 30 days following the deadline for the receipt of New Hampshire Real Estate Inventory Forms the Selectmen shall file annually with the Town Clerk a complete list of real estate valuations in the Town for the given year; and each year, this list of real estate valuations shall be used in the formulation of real estate taxes for the Town, subject to special changes in individual valuations that may be made by the Selectmen upon receipt of petitions from property owners of Hopkinton real estate. (Inserted by Petition)

This Article is in accordance with the Revised Statutes of New Hampshire Annotated, Chapter 74, Article 1, which specifically provides that Town Selectmen shall assess real estate values during the month of April of each year; and beyond the end of April, this Article provides additional time only for the tabulation and filing of the real estate assessments made during the month of April under New Hampshire State Law. (Inserted by Petition)

51. To see if the Town will vote to authorize the Selectmen, in the name of the Town to convey the Contoocook River dam and incidental water rights appurtenant to the former Patenaude property in Contoocook Village, for a nominal consideration only, to the State of New Hampshire, or any agency thereof, including the State Water Resources Board, concerned with preserving and maintaining dams, mill ponds, reservoirs and the like.

52. To see if the Town will vote to authorize the Board of Selectmen to investigate the feasibility and estimated cost of engaging an independent professional property appraiser to advise and assist the Board in connection with the determination of property assessments, and if feasible, upon what basis such

assistance might most advantageously be provided for, and to report back to the Town concerning its findings and recommendations in this matter not later than the 1971 Town Meeting.

53. To see if the Town will vote to authorize the Board of Selectmen to post a notice in the form, "Not a Public Right of Way", where any private roadway enters a development project serving two or more homes from the public highway.

54. To see if the Town will vote to authorize and instruct the Board of Selectmen to publish annually the inventory of assessments of taxable property in the Town, either in the Town Report or otherwise, and make the same generally available to all property taxpayers of the Town.

55. To see if the Town will vote to abandon the old right of way on the Sugar Hill Road which has been rendered unnecessary since completion of the TRA relocation project and will authorize the Selectmen to execute a quitclaim deed or deeds of the Town's interest therein to the abutting property owners against their conveyance to the Town of appropriate instruments confirming the Town's title in the relocated highway layout.

56. To authorize and instruct the Board of Selectmen, as a condition of acceptance of any new town highway, to require the conveyance to the Town of a good and indefeasible title to the land constituting the highway location, including any turn-around area or areas involved, as well as the suitable marking with permanent markers of the sideline bounds and all corners of the said highway location.

57. To authorize the Board of Selectmen, in the name of the Town, to accept as a public highway the roadways into the Woodwell's Garrison Development, upon the substantial compliance of the present landowners, as the successors in interest of Myron A. Hoyt, with the requirements of letter dated September 30, 1966 to Myron A. Hoyt from the Board of Selectmen, and further to instruct the Board of Selectmen to discontinue all Town plowing as well as any other Town maintenance of the said roadways at the conclusion of the present winter season in the event that the said landowners do not substantially comply with the said requirements, the Road Agent in such event to mark the end of the said public right of way accordingly.

58. To see if the Town will vote to accept the following Cemetery Trust Funds, the income to be used as directed, subject to such provisions as may be applicable thereto:

(1) The sum of $200.00 from Wm. E. Mudgett, plus the interest to date, for the perpetual care of Lot 12, Sec. B, in the Contoocook Cemetery.

(2) The sum of $200.00 from the Laura Sanborn Estate, plus the interest to date, for the perpetual care of Lots 46 & 47, Sec. B, in the Contoocook Cemetery.

(3) The sum of $150.00 from the David Adams Estate, plus the interest

to date, for the perpetual care of Lot 20, Sec. C, Plots 2, 3 & 4 in the new section of Hopkinton Old Cemetery.

(4) The sum of $300.00 from Maurice H. & Ruth E. Haselton, plus the interest to date, for the perpetual care of Lots 171 & 172, Sec. E, in the Contoocook Cemetery.

59. To see if the Town will vote to accept the following funds added in 1969 to the principal of present accounts:

(1) The sum of $600.00 added to the Town of Hopkinton Ambulance Fund.

(2) The sum of $329.00 added to the Glenn M. Haselton Memorial – Library Fund.

(3) The sum of $80.00 added to the John Babson – Scholarship Fund.

60. To see if the Town will vote to accept from the Contoocook Women's Club the Jessie Gould Memorial Scholarship Fund, to be held in trust, the original amount being $1,910.00, plus the interest to date, less the 1969 scholarship paid to Keene State College. Administration shall be by the Contoocook Women's Club Scholarship Committee in conjunction with Hopkinton High School, subject to the rules and regulations as set forth in their bylaws.

61. To see for what purpose the Town shall vote to expend during the current year the income of the G. Everett Kelley Fund.

62. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of the 1970 tax levy.

63. To act on reports of Town Officers, Trustees, and Committees for the year 1969.

64. To hear and transact any other business that may legally come before said meeting.

Given under our hands and seals this 21st day of February, 1970.

SELECTMEN'S REPORT

Several years ago, we began the practice of reporting to you here on a year-to-year basis concerning the status of town affairs. This year, we would like to take a little longer view than usual, both back upon the past and also out toward the future. Against the background of the past and some of its accomplishments, future problems which otherwise might seem overwhelming may appear more manageable.

A few years ago, Hopkinton maintained an old one-lane, wood plank bridge on the Penacook Road across the Blackwater River which had fallen badly out of repair. At the time, the cost of replacing it with a modern two-lane structure seemed prohibitive and the first disposition of the Town was simply to repair it and continue the dangerous single-lane arrangement. But by obtaining the assistance of the State Department of Public Works and Highways for engineering design and by making maximum use of State Bridge Aid, as well as TRA funds for a stretch of highway relocation, the project was rendered feasible. Today the old "thunder-bridge" is gone, and the new one has already been fully paid for. We owe not one cent on it.

For a good many years, up to last year, the henhouse which was maintained in the old mill building on River Street in Contoocook was a source of stench in the neighborhood and a breeding place for flies and rats. Last year, the Town acquired this building and arranged for its demolition. In the spring, the grounds will be cleaned up. The nuisance is gone and with the eventual clean-up of the Contoocook River, the area may be converted into a waterfront park which will become a place of beauty and an asset to the community. Meanwhile, the purchase price of the building and the cost of its demolition have already been fully provided for out of tax money. There is no debt outstanding against the project.

For a good many years, Hopkinton has been hard-pressed to find money for street improvements in the more thickly setteld parts of the precincts. This is because most of our new highway construction money has been in the form of State-contributed Town Road Aid ("TRA") funds, which the town matches by local money only to the extent of fifteen percent. Any project on which this money is expended, must meet State-prescribed specifications, and our Highway Department has not thought it feasible to do this in our villages because of inevitable problems with abutting property owners as to road elevations, damage to lawns and driveways and the like. During the last two years, however, we have carried out such a project successfully along Indian Ridge and Penacook Road, and the Highway Department has demonstrated that with consideration and proper cooperation on the part of all concerned, TRA funds can be used for improvement projects in heavily settled sections. Although this project is not yet

entirely completed, it has already proved its value, not only in its own right, but also as a pilot project showing that TRA funds can be used to improve some of our worst village streets. This should considerably speed up the day that these improvements can be made.

Immediately prior to the Indian Ridge-Penacook Road improvement, TRA funds were used for another project that the Town can be proud of. This was the elimination of two bad curves on the Stumpfield Road by the actual relocation of the highway right-of-way along a distance of about a half a mile. So far as we are aware, this was the first such use of TRA funds in Town. The result was a safer, better road, and incidentally, real improvement of the adjoining properties. As a TRA undertaking, this significant highway project was, of course, financed on a current basis and is finished and paid for.

A few years ago, fire equipment in the Hopkinton end of town was stored in the Precinct Building which is inadequate in size to house modern apparatus and has a wooden floor not strong enough to hold it. In 1966, the Town built a new fire station and this year the last payment of $6,000 on the debt which financed it will be paid off. Two years ago, the Town ordered a new $20,000 pumper. Of its purchase price, $8,000 was paid from current taxes in 1969 when the engine was delivered, and the balance, which was borrowed, has already been repaid since January 1, 1970. Meanwhile, there have been significant improvements at the Contoocook fire station in Columbia Hall, much of this having been accomplished on a volunteer basis by members of the Department, and no debt is outstanding against it. The same building houses our active Community Center program. An ambulance service was begun by the Fire Department several years ago. It is ably staffed by a crew headed by Arthur Starkweather, Jr. It is a tremendous credit to the Town, and yet its operating expenses are substantially offset by the income it produces. For several years, the Town has been accumulating a capital reserve fund from current taxes to provide for ultimate replacement of the ambulance when this becomes necessary. This year's budget will increase the fund so set aside to $3,300.

A few years ago, Hopkinton tax assessments were at a comparatively low percent of full market value. In a stable price economy, such a system can work quite fairly, but in an inflationary era when new property is being built at rising cost and old properties are transferring at increasing prices, the fractional valuation basis of assessment becomes very difficult to administer. Today Hopkinton is assessed on a 100% of fair market value basis and has a total valuation of almost $23,000,000. This compares with an aggregate valuation in town as recently as April 1, 1964, when assessments were on a fifty percent basis, of only $6,400,000. The extent of the reassessment is apparent. In carrying it out, the Selectmen have brought up to full value many previous assesments which had been disproportionately low and which apparently had been lost track of under the old fractional assessment practice. The result, although obviously unpleasant to those called upon for the first time to bear their full share of the local tax burden, has been to hold the increase in our tax rate to

much less than it otherwise would have been. If the Selectmen had not brought so much previously undervalued property up to its proper level of assessment, last year's rate would certainly have been at least ten to fifteen percent higher than it actually was.

We believe that the Town's assessment records and procedures are an invaluable asset since fair and equitable local taxation is indispensable to a decent local political structure and a healthy local economy. Hopkinton has both. The transfer tax reports which we receive from the County Register of Deeds indicate that while Hopkinton values have been rising steadily, our property assessments are usually fairly accurate, and the disparities between appraised full values and actual sales prices today are much less than they were a few years ago. Our permanent file of Property Information Cards, though still incomplete, is a useful repository of assessment information and we have added to it each year. Recently, in consultation with the Tax Commission, we designed our own form of loose-leaf property assessment record which lends itself to photographic reproduction and eliminates a considerable amount of time previously required for manual preparation each year of the Selectmen's traditional "Blotter Book" of assessments and taxes.

Despite these improvements, the work of responsible assessment is never finished. It is a human process, and occasional errors are inevitable. Moreover, new construction alters value, neighborhoods improve or deteriorate, and values of different kinds of property increase with inflation at different rates. Almost as soon as a year's assessments have been finalized, sales records begin to show that corrections will be necessary the next year. For this town meeting, an article has been entered into the Warrant by Petition directing the Selectmen to finalize assessments within one month following the deadline for filing annual inventory blanks with them. This is not humanly possible for a Board of Selectmen whose members have any other employment responsibilities if the task is to be done conscientiously and accurately.

For several years, the conditions in the Town Hall where the Police Department and Selectmen have shared a single small office have been extremely unsatisfactory for efficient operation by either group. A plan for an addition across the back of the hall to provide more adequate space, including decent lavatory and toilet facilities will be presented for your consideration at Town Meeting. We believe it to be a prudent plan which fits as well as possible into the architecture of the main building, and will meet a most urgent need. We recommend its adoption.

A few years ago, Hopkinton was a town of three separate villages with open country outside of these centers. It had beautiful hillsides, long views, a high proportion of old homes and a sense of civic and cultural pride. Its industries seemed to conduct themselves as good citizens, and there was little evident need for zoning restrictions to regulate the way that construction was planned and land developed when our ordinance was originally adopted in 1964. But Hopkinton's geographic position in northern New England, its relation to

Concord, and its access to the federal interstate highway network have made it, perhaps unfortunately, a target for expansion from the great "Megalopolis" area along the Atlantic seaboard. During the past fifteen or twenty years, our population has already doubled, and current forecasts for the state suggest that Hopkinton faces the most explosive population surge of any town in our area. By 2020, one forecast places Hopkinton's population at about 13,000 persons with a greater density than presently exists in the City of Concord. With only about eleven square miles of useable land to accommodate this influx, we face a terrible challenge to preserve a community which bears any resemblance whatsoever to what we have known in the past and what we now have. Anyone who has seen what has happened to older suburban towns in New Jersey and Connecticut has seen what is in store for Hopkinton if we do not act now to protect ourselves. Today, wise zoning regulations are no longer a matter of choice. They are an economic necessity to protect the taxpayer from the cost burdens of extra police, extra fire protection, high cost sewer systems, expanded waterworks, and the like. Without them, taxes to support municipal services made necessary by indiscriminate development will skyrocket, and the relative value of Hopkinton homes will begin to fall. The recommendations of the Planning Board, to be voted upon at Town Meeting, are for your protection. They allow for reasonable development, with provision for industrial and commercial use, including up to eight unit apartment structures in the rural zone, but subject to a power in the Board of Adjustment to impose conditions and restrictions which will protect the public interest of the community as a whole. Pending the completion of our 701 study, referred to below, this protection is absolutely essential.

Last year at Town Meeting the Town adopted a resolution to provide for a so-called 701 Planning study. The purpose of such a study is to develop the basis for a long-range master plan of the development of the Town. Of the total estimated $21,000 cost of such a study for Hopkinton, the Town will pay $6,000, the State will provide services to be valued at about $1,000, and the federal government will contribute $14,000. The completion of a 701 plan is a prerequisite to qualify the Town (and the precincts) to receive contributions of state and federal aid for various types of public works improvement projects, and also can be most helpful to our local Planning Board in developing recommendations for local land-use regulations. The Planning Board has selected the engineering firm of Metcalf & Eddy in Boston to do this project.

About two years ago, representatives of several area towns, including Hopkinton, met together to consider the creation of a possible combined regional planning organization. At that time Concord's primary interest was in planning for its own water and sewer systems which tended naturally to follow the Merrimack River and so involved Concord with Boscawen, Pembroke and Bow, but did not concern Hopkinton. Recently, there has been a revival of this multi-town planning enterprise, and the scope of the program which it now contemplates holds promise of offering real advantages to us. (A simple money

advantage would be in the form of additional federal aid which is granted to towns which are members of such regional bodies in connection with federally assisted public works projects such as sewage or waterworks systems.) Membership in the regional group can be provided for only by vote of the Town at Town Meeting, and articles to this effect will be included in this year's Warrant. We recommend their adoption.

Certainly our most pressing municipal problem results from the order which the State directed to Hopkinton two or three years ago to terminate all pollution of the Contoocook River in the Contoocook Village area. Using available federal financing assistance, the Selectmen retained Anderson-Nichols Company, Inc. to prepare a preliminary report and recommendations for the necessary work to be done by the Town to comply with this order. This preliminary planning project was completed during 1969. Unfortunately, the solutions which it suggests contemplate an investment in the vicinity of a million dollars by the Town even after state and federal participation under present law, an amount which seems staggering. It also seems unfair since our Town never has regarded itself as engaged in the public sewer business and the drains involved, to the extent they are owned by the Town and do dump sewage into the river, were designed as storm water lines, but abutting property owners, frequently persons who owned such property years ago, tapped their home sewer waste lines into them. The actual number of homes which contribute sewage into the river in Contoocook is comparatively small, and the number doing so through town-owned drains is smaller yet. The proper final solution to the Contoocook River pollution problem is thus not yet clear, and will certainly require patience and the best collective judgment of the townspeople if it is to be resolved upon a fair basis to all concerned.

We will not include in this report much of the detailed comment on next year's budget and last year's expenditures which we have typically included in previous reports. Such information appears elsewhere in the Town Report, and to discuss it further here would unduly lengthen this statement.

We would note the resignation as a selectmen of Donald N. Rice, effective January 31. Don was always a pleasant person to work with and he has a great store of knowledge of the town. He was a valuable member of the Board, and we miss him. The Town will also lose this year the services of Mrs. Thomas Astles who has decided that she will not seek re-election to the office of tax collector. As the incumbent of that office, she should perhaps have been the least popular of public officers, but her ready smile, genuine interest in the townspeople, and patient willingness to answer their questions have made her beloved indeed. Mrs. Olive Cooley, for many years our Overseer of the Poor, has decided to terminate her service in this office at the conclusion of her present term. She has been an able and devoted town officer, sympathetic and interested, and always able to bring help to those who need it. She will also be deeply missed. Finally, we would mention with respect and deep affection "Dot" Clark, our cemetery custodian, who died last fall. Dot was another dedicated and ever-cheerful town

servant. She unselfishly gave of herself that her work might meet the high standards she herself set for it. She can never be replaced.

Respectfully submitted,

JOSEPH S.RANSMEIER, Chairman
THOMAS JOHNSON, JR.

BUDGET OF THE TOWN OF HOPKINTON, NEW HAMPSHIRE

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1970 to December 31, 1970 Compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year January 1, 1969 to December 31, 1969

PLANNING BOARD REPORT ON PROPOSED AMENDMENTS OF ZONING ORDINANCE

The State of New Hampshire is the most rapidly growing state in New England, and the Town of Hopkinton is singled out for the most explosive growth of any town in central New Hampshire. Our population is forecast to be about 13,000 within fifty years' time. State planning studies tell us that Hopkinton has only about eleven square miles of prime buildable land to accommodate this growth out of its total 44 square mile area. If we do not plan for it properly, we shall be overwhelmed by the rising costs of public services such as sewers, water, police, fire protection and dump. Wise planning is the purpose of our pending 701 study. Wise planning is also the reason why the proposed Planning Board amendment of the zoning ordinance should be adopted and why two amendments proposed by petition should be rejected. We believe the Planning Board amendment meets the reasonable wishes of the landowners responsible for the petitions and it allows the uses which they request. But it also protects the legitimate interests of the Townspeople by requiring certain standards and conditions to be met by such new uses. On the other hand, the amendments offered by the petitioners are simply a relaxation of existing zoning standards. This seems ironical in Hopkinton at the very time when Americans are first beginning to be aware of the terrible costs and risks they have been imposing upon themselves by reckless disregard of their environment and when a study is underway to advise us how to deal with our land use problems.

The proposed Planning Board Amendment of our zoning ordinance deals with various so-called "special uses" in the Rural Zone. This zone presently includes the whole of the Town outside of the two precincts and certain shore line areas around some of our public waters. "Special uses" include such purposes as camps, motels, trailer and mobile home parks, apartment houses, and other commercial and light industrial uses. Most of these uses are presently permitted throughout this zoning district but are subject to the obtaining of permits for them from the Board of Selectmen. Because we believe that state law contemplates that this type of permit should be obtained from the local Board of Adjustment rather than the Selectmen, our amendment shifts the authority to issue these permits to the Board of Adjustment. The Amendment also provides a number of new clearly spelled out standards for the Board of Adjustment to consider in passing upon special use applications, and it adds apartment houses and various other multi-family dwelling units as a permissible use, under an appropriate special permit.

The other two proposed amendments have not been prepared by the Planning Board but have been developed by property owners. The Planning Board has no legal authority to modify or revise amendments proposed in this way, and therefore we have not been able to change them to fit into the general scheme of our ordinance as we understand it, nor otherwise to modify them to protect the

public interest. One of these amendments would extend the existing "commercial zone" of the present ordinance, which is governed by regulations designed to deal with the area around Fountain Square in Contoocook Village, so that it would include a large tract of land on Maple Street at and near its intersection with Interstate 89 and on both sides thereof. This amendment is unnecessary to accomplish the legitimate interests of the landowners involved since the uses which would become available to them under it, as well as other uses, are provided for under the Planning Board amendment, while the latter assures far better protection of the public interest of the Town. For example, if the Petitioners' "commercial" amendment were adopted it would:

(1) Remove all minimum lot-size requirements in this area. Yet there is no public sewer and no public water supply now serving the section involved and adequate tracts of land are essential to any worthwhile development.

(2) Provide building set-back requirements of only 30 feet on the front, and only ten feet on the side and rear. This standard is obviously not suited to the area involved.

(3) Remove all power of the Selectmen or the Board of Adjustment to require as conditions of Permits any reasonable minimum standards to protect the community interest and the town in connection with authorized commercial uses.

(4) Fail to cure the legal defect in our present ordinance, as applied to the I-89-Maple Street intersection area, whereby special use permits are issued by the Board of Selectmen rather than the Board of Adjustment as we have indicated we think state law requires.

The other amendment offered by Petition proposes to create a new "apartment house" district to be bounded on the wes by Route No. 127, on the south by Route No. 202, and on the east and north by I-89. Again, this amendment is unnecessary since apartment houses will be permitted under the Planning Board's proposed amendment (thus allowing the use requested by the Petitioners) but under more effective standards to protect the interest of the Town as a whole. If adopted, the Petitioners' apartment house amendment would:

(1) Create a new zoning district which includes mostly land in the federal flood control reservoir, a rather dubious proposal at best.

(2) Avoid the carefully drawn standards for multi-family units provided in the Planning Board amendment. For example, the Petitioners' amendment uses a uniform one-acre minimum lot size for all apartment house projects of any size, regardless of how many dwelling units are involved. The Planning Board proposal has a flexible standard which varies depending on the number of units in the development, and limits the maximum project to eight dwelling units.

Last fall, two proposed Planning Board amendments were prepared which were intended to protect the Town pending completion of our 701 planning study. These were defeated on the theory we should not change the ordinance until that study was done. Now, three months later, the Petitioners' amendments seek to undercut the standards of our existing ordinance without any further waiting on the 701 study. Both of these amendments involve new proposed zoning district boundaries which would become legally effective, with possible important effects on land use within the areas involved, and which no planning agency responsible to the Town has had any part in developing. These new boundaries are simply the proposal of private landowners. Zoning is supposed to be planning for the public interest which reasonably recognizes and protects legitimate private interests. If new zones can be created in the manner proposed by the Petitioners, we shall have down-graded our town indeed, and all open areas will be a fair target for the land speculator who makes his profit and leaves the taxpayer and the Town with the problems. The open area southerly and westerly of Route No. 127 as it approaches Contoocook Village is a prime possibility. So is the old Boulder House property at the intersection of the Jewett Road and Main Street in Hopkinton. Our eleven square miles of buildable land are all we have. They are precious and we should plan for them properly.

For the protection of your property, your tax rate, and your community, we believe that the Planning Board amendment should be adopted and the two amendments offered by Petition should each be rejected.

Hopkinton Planning Board

ZONING AMENDMENTS TO BE CONSIDERED

Amendment No. 1

1. That Article III of said ordinance be amended by redefining subsection 2 "Commercial District" thereof to include therein the area described below and the official zoning maps on file with the Town Clerk be redrawn and revised to include such area within the Commercial District:

An area lying between a line drawn parallel to and five hundred (500) feet easterly and southerly of the easterly and southerly sideline of Maple Street/Route 127 and a line drawn parallel to and five hundred (500) feet westerly and northerly of the westerly and northerly sideline of Maple Street/Route 127, said parallel lines commencing at a point located one thousand three hundred sixty-two (1,362) feet northeasterly from the easterly sideline of right-of-way of Interstate Route 89 where it intersects Maple Street/Route 127 and continuing an equal distance one thousand three hundred sixty-two (1,362) feet southwesterly from the westerly sideline of said right-of-way of Interstate 89.

2. That, consistent with the preceding amendment, Article IV, C, 2, (b) of said ordinance be amended to include the following subsection "(7) Maple Street/Route 127" for a distance of one thousand three hundred sixty-two (1,362) feet in both a northeasterly and southwesterly direction from the point of its intersection with Route 89 at the overpass.

The Planning Board recommends that you vote NO on this proposal. See its report.

Planning Board Proposal

Amendment No. 2

Amend the town Zoning Ordinance by deleting therefrom Article V entitled "Rural District, District 4", and substituting therefor the following Article V:

ARTICLE V

Rural District, District (4)

The material in brackets at the end of each paragraph is explanatory Planning Board comment which does not constitute a part of the amendment itself.

Land within Zoning District (4) may be occupied and used and structures

thereon may be erected, altered, occupied and used only for the following purposes and subject to the following provisions:

1. Permitted Uses. In addition to the uses permitted in the residential district, the following uses are hereby permitted:

(a) Single and two-family dwellings, with or without private garages and accessory buildings subject, however, to the requirement that there shall be provided with each such new structure either garage or off-street parking space for not less than one private passenger car for each family intended to reside upon the premises. [No change.]

(b) Churches and religious institutions, hospitals, nursing homes, municipal buildings, and public or private parks, playgrounds and schools providing there will be ample off-street parking. [No change.]

(c) Farms, forestry, livestock and poultry raising together with the necessary processing incident thereto shall be permitted in this district if not injurious or unreasonably obnoxious and offensive to the neighborhood. [No change.]

2. Other Special Permit Uses. In addition to the permitted uses described in Paragraph 1, the following uses of property may be made upon obtaining a special permit therefor from the Board of Adjustment.

(a) Organized camps, overnight cabins, inns and motels providing the following requirements are satisfied, as well as such other terms and conditions as the Board may find it necessary to impose in order to protect the public health, safety, morals and general welfare. [Now allowed without special permit.]

(1) Individual buildings shall be separated by at least 25 feet and no building or parking area shall be closer than 75 feet to any right of way line. [No change.]

(2) Applicant shall file with the Board a plan showing the boundaries of the parcel of land in question, the size and location of all proposed buildings and parking areas, and the location and design of proposed water and sewage facilities, and shall obtain and file a certificate of the Town Health Officer that the plans and specifications are in his opinion in accordance with all state and town laws, regulations, and ordinances relating to sanitary arrangements. [New.]

(3). The combined area of the buildings and parking areas shall not exceed 25% of the area of the parcel of land on which such use is to be made. Where sustained occupancy by large numbers of persons is likely, the Board may require a higher percentage of open land. [New.]

(4) The use will not interfere with the reasonable enjoyment of any nearby property being used for residential purposes. [New.]

(b) Mobile home or trailer parks if the Board finds that the proposed park will satisfy the following requirements, as well as such other terms and conditions as the Board may find necessary to impose in order to protect the public health, safety, morals and general welfare. [No change except to shift authority from Selectmen, acting as Zoning Board, to Board of Adjustment.]

(1) The said park shall be so located as to be screened from view from abutting properties and the public right of way, and shall not put an undue traffic burden on the public road to which it abuts. [No change.]

(2) Prior to issuance of the permit, the applicant shall file with the Board a plan showing the boundaries of the parcel of land in question, the location and size of all trailer sites, and the location and design of proposed water and sewage facilities, and shall file a certificate of the Town Health Officer that the plans and specifications are in his opinion in accordance with state and town laws, regulations and ordinances pertaining to sanitary arrangements. [New in part.]

(3) All roadways shall be paved, and at least one paved parking space shall be provided for each trailer or mobile home. All roadways shall be lighted at night. No parking shall be allowed on roadways. If service roads to the rear of the trailers are provided, they need not be paved but must be graveled sufficiently for all-weather use. Such service roads need not be illuminated. [No change.]

(4) A site of at least 3,000 square feet, plainly marked at each corner with permanent markers, shall be provided for each unit, and no unit shall be permitted which occupies more than 50% of the area of the site on which it is located. The total area of all sites shall not exceed 25% of the area of the parcel of land on which the mobile home or trailer park is located. [New in part.]

(5) No sheds, lean-tos or other structures may be built onto any trailer or mobile home other than an awning, or an entryway. [No change.]

(6) There shall be not less than 10 nor more than 40 sites, and no site shall be occupied until at least 10 sites, and the roadways and parking areas servicing them, have been laid out, marked, and paved as provided above. [New.]

(c) Gravel pits, sand pits, quarries and similar operations if the Board finds that the following requirements will be satisfied, as well as such other terms and conditions as the Board may find it necessary to impose in order to protect the public health, safety, morals and general welfare. [No

change except to shift authority from Selectmen, acting as Zoning Board, to Board of Adjustment.]

(1) Such operation will not create a traffic condition detrimental to the neighborhood or hazardous to the use of the highway, and will not place an undue burden on the load-bearing capacity of such public roads as will be utilized by the operation. [No change.]

(2) Such operation will not create noise or dust to the extent that it will be detrimental to the health or comfort of nearby residents in their reasonable enjoyment of their property, nor to members of the public. [No change.]

(3) Upon abandonment of the operation of such pit or quarry, the owner shall grade all banks to a stabilized slope and fill in, or provide drainage for, any pit below the average water table or pit where surface water will collect and remain during normal climatic conditions. [No change.]

(4) The Board of Adjustment shall attach such further conditions to a permit including the requirement of posting of a reasonable bond to ensure compliance herewith as it deems necessary to preserve the spirit and intent of this Ordinance. [No change.]

(d) Directional or advertising signs relating to a business located on property in Hopkinton other than that where the sign is proposed to be erected if the Board finds that the following requirements will be satisfied, as well as such other terms and conditions as the Board may find it necessary to impose in order to protect the public health, safety, morals, and general welfare. [No change except to shift authority from Selectmen, acting as Zoning Board, to Board of Adjustment.]

(1) No proprietor of a business shall be permitted to have more than two such signs within the town. [No change.]

(2) If the business advertised is located on a State road, the sign or signs shall not be more than 1,000 feet from the place of business; if it is located on a town road, the signs shall be not more than 1,000 feet from the intersection of such Town road and a State road. [No change.]

(e) Other commercial and light industrial uses if the Board finds that the following requirements will be satisfied, as well as such other terms and conditions as the Board may find it necessary to impose in order to protect the public health, safety, morals and general welfare. [New in part.]

(1) Not more than 25% of a lot used for such purpose shall be occupied by buildings, and no building shall be closer than 100 feet to the right of way line of any right of way providing direct access to the property or closer than 50 feet to any lot boundary. [New.]

(2) Ample off-street parking shall be provided on the same lot

where the commercial or light industrial use is proposed. Such parking areas shall not be closer than 50 feet to any right of way line nor closer than 25 feet to any other boundary of the lot. [New.]

(3) The use shall not create any objectionable noise, flashing light, odor, smoke, fumes, dust, or similar things. [New in part.]

(4) All parking areas shall be paved, all cleared portions of the lot shall be grassed and landscaped, and that portion of the lot so used shall be screened from view of adjacent lots by fencing and shrubbery the extent and nature of which shall be prescribed by the Board according to the nature of the intended use and the character of the neighborhood. [New.]

(f) Apartment houses, condominiums, garden apartments, row houses, or other multi-family dwellings if the Board finds that the following requirements will be satisfied, as well as such other terms and conditions as the Board may find it necessary to impose in order to protect the public health, safety, morals and general welfare. [New.]

(1) Such multi-family dwellings shall be limited in size to eight dwelling units, and shall be located on a lot of at least one acre plus one-third acre for each dwelling unit in excess of one and up to a total of four, and one-fourth acre for each dwelling unit in excess of four. [New.]

(2) Applicant shall file with the Board a plan showing the boundaries of the parcel of land in question, the size and location of all proposed buildings and parking areas, and the location and design of proposed water and sewage facilities, and shall obtain and file a certificate of the Town Health Officer that the plans and specifications are in his opinion in accordance with all State and Town laws, regulations, and ordinances relating to sanitary arrangements. [New.]

(3) Ample off-street parking shall be provided on the same lot where the multi-family dwelling is located, which parking areas shall be paved and shall not be closer than 50 feet to any right of way line or closer than 25 feet to any other boundary of the lot. [New.]

(4) Cleared portions of the lot shall be grassed and landscaped, and there shall be such screening by fences or shrubbery as the Board may require. [New.]

3. Lot Area Required. Except as otherwise specifically provided in paragraph (2), each principal building shall be on a lot of at least 40,000 square feet in area and having a frontage of at least 200 feet on a public or private right of way. A principal building may be on a lot of less frontage or area, however, if such lot was, at the time of passage of this Ordinance, a separate, individual parcel of land not adjoining any other land owned by the same person or persons. [No change.]

4. Yard Requirements. Except as otherwise specifically provided in paragraph (2), there shall be a minimum distance of 50 feet between any structure and any road right of way line, and 25 feet between any structure and any lot boundary other than a right of way line. [Distances revised from 25 and 10 feet respectively.]

5. Ruins. No owner or occupant of land in any district shall permit fire or other ruins to be left, but within one year shall remove or refill the same to clear ground level or shall repair, rebuild or replace the structure. [No change.]

6. Signs. Except as otherwise herein provided, signs in this district shall be permitted only in accordance with the provisions of this paragraph. The surface area of any signs shall not exceed fifteen square feet. The surface area of a sign shall mean that part of the sign visible from outside the premises where it is located and either used or capable of being used to carry advertising or other messages. No sign shall have neon or other gas tubular lights, flashing, bright or dazzling electrical lights, or moving parts, and no sign shall be illuminated with naked or unshielded lights. No sign shall be placed in such a position as to endanger traffic on any street by obstructing a clear view or by confusion with official street signs or signals. No privately owned sign shall be located in or extend over any public right of way. Every sign permitted hereunder shall be constructed of durable materials and shall be maintained in good condition and repair at all times. [Rephrased, some new matter added.]

On any premises where a business permitted by this ordinance is conducted, two advertising signs relating to the business conducted on the premises may be erected. Where such sign is affixed to the building in which the business is conducted in such a way as to be immediately adjacent to and on a plane parallel with the wall of the building its area may be 5 times that otherwise permissible. The owner of any premises may erect on those premises one sign advertising their sale or lease. One or more signs may be erected on a property announcing the name of a residence or farm located on that property, or the name or profession of the occupant thereof. Also permitted is one or more temporary signs advertising farm products sold at a seasonal roadside stand located on the property where the sign is erected. [Rephrased, some new matter added.]

7. Sanitary Protection. All buildings used principally for human occupation shall have sanitary systems which shall be constructed and maintained in accordance with the latest edition of the U. S. Department of Health, Education and Welfare publication *Manual of Septic Tank Practice.* [No change.]

8. Trailers and Mobile Homes. The use of any land for accommodation of trailers and/or mobile homes is prohibited except to the extent permitted by this paragraph and by paragraph (2). This provision applies only to trailers or mobile homes used for residential purposes and does not prohibit the storage or parking, during periods of non-use, of one trailer or mobile home owned by a person residing on the property where such storage or parking occurs, providing such trailer or mobile home is maintained in a mobile condition. Any use of trailers or

mobile homes set forth in the following subparagraphs shall be made only after issuance of a permit by the Zoning Board. [New in part.]

(a) Any property owner or lessee may accommodate one trailer or mobile home of a non-paying guest for a period not in excess of sixty (60) days in any one year. [New in part.]

(b) The temporary use of a trailer or mobile home to be maintained as living quarters by a person employed in adjoining construction work or for whom a residence is being built, or as an office, storeroom or shop in connection with construction work, is permitted, provided that such does not continue for more than six (6) months and conforms with the sanitary requirements of section 7 of this article. [No change.]

9. Motor Vehicle and Machinery Junk Yards. The use of lands or buildings for motor vehicle or machinery junk yards is prohibited. [New.]

10. Area Included. Zoning District (4), Rural District shall consist of that part of the Town of Hopkinton not included within the Hopkinton Village Precinct or within any other District now or hereafter defined by this Ordinance. [No change.]

11. Existing Permits. In any case in which a zoning or building permit has been issued prior to the effective date of this amendment authorizing a use, building or structure which would not conform to the regulations provided hereunder, such use, building or structure may be made, constructed or altered as a non-conforming use, building or structure pursuant to the Permit issued provided that such use, construction or alteration is commenced within six months of the effective date of the Permit and that any construction involved is prosecuted diligently to completion. [New.]

Effective date. This amendment shall be effective when adopted.

The Planning Board recommends that you vote YES on this proposal. See its report.

Amendment No. 3.

1. That Article III of said ordinance be amended by redefining subsection 2 "Commercial District" thereof to include therein the area described below and the official zoning maps on file with the Town Clerk be redrawn and revised to include such area within the Commercial District:

An area lying between a line drawn parallel to and five hundred (500) feet easterly and southerly of the easterly and southerly sideline of Maple Street/Route 127 and a line drawn parallel to and five hundred (500) feet westerly and northerly of the westerly and northerly sideline of Maple Street/Route 127, said parallel lines commencing at a point located one thousand three hundred sixty-two (1,362) feet northeasterly from the

easterly face of the overpass over Interstate Route 89 where it intersects Maple Street/Route 127 and continuing an equal distance one thousand three hundred sixty-two (1,362) feet southwesterly from the westerly face of said overpass.

2. That, consistent with the preceding amendment, Article IV, C, 2, (b) of said ordinance be amended to include the following subsection "(7) Maple Street/Route 127" for a distance of one thousand three hundred sixty-two (1,362) feet in both a northeasterly and southwesterly direction from the point of its intersection with Route 89 at the overpass.

The Planning Board recommends that you vote NO on this proposal. See its report.

Copy of letter referred to in Article 57 of Warrant

TOWN OF HOPKINTON, NEW HAMPSHIRE
Office of Selectmen

September 30, 1966

Mr. Myron A. Hoyt
Contoocook
New Hampshire

Re: Road System, Woodwell's Garrison Development

Dear Myron:

The Board of Selectmen, Town Highway committee and the Road Agent have met at the Woodwell's Garrison Development and carefully reviewed the situation there with respect to the roads which you are interested in having considered for acceptance as public highways of the Town of Hopkinton. As you know, the Selectmen have also met several times heretofore with you to review this situation, as well as with representatives of the financing institution which has assisted you in the development of the area. In accordance with your request, we submit below various recommendations with respect to these roadways which we consider minimum requirements in order to bring them to a condition which would warrant considering them for acceptance as town streets. These requirements are essentially implementations of the standing vote of the Town Meeting concerning minimum requirements for new town roads.

For purposes of this letter we shall refer to different stretches of the roadways in question as follows:

Road Section 1: Garrison Road from its intersection with Tomahawk Road, so-called, easterly and southerly to a point about five feet or so past the southerly side line of the Wendell Rodkey driveway.

Road Section 2: Tomahawk Road from its intersection with Garrison Road southerly and in a straight line approximately three hundred feet to a point at the foot of Road Section 3; and

Road Section 3: The connecting link between Road Section 1 at the top of the hill between the Rodkey and Norton premises and the southerly end of Road Section 2 as referred to above, having a length up and down the hill of approximately three hundred twenty feet.

The work to be done with respect to the various roadways is as follows:

Road Section 1.

1. Road Grade

Much of this section presently has a seriously excessive grade. This grade should be reduced so that at no point does it exceed 12%. It appears that if the slope of the road is kept to an even pitch from the Desmond driveway to the Norton driveway, the maximum grade can be considerably reduced from its present reading of approximately 16%. In order to reduce the grade so that at no point does it exceed 12%, it may be necessary to swing the curve of the road somewhat to the left as it rises up the hill, so that the overall length of the distance involved is slightly more than at the present time.

2. Drainage

(a) The existing 14-inch culvert across Garrison Road easterly of the Desmond driveway is plugged and does not have a proper pitch. This culvert must be removed and relaid with an appropriate drop inlet and grating installed on the high side at its southerly end and with a suitable outlet ditch at its northerly end to dispose of water discharged by it. This outlet ditch must be shaped in a proper manner so as not to discharge water onto the Hines' property.

(b) Three additional 12-inch culverts with drop inlets and grates should be installed across Garrison Road at approximately 100-foot intervals up the hill, one between the Desmond driveway and the curve, one at about the mid-point of the curve, and the inlet for the third just northerly of Dr. Norton's driveway. The discharge point for the latter culvert should be into the large existing ditch which is diagonally across the road northerly of Norton's drive. Appropriate provision should be made for discharge from the other culverts as well.

(c) A paved gutter four feet in width should be provided along the westerly and southerly side of Road Section 1, spilling into the several drop inlets referred to, and specifically to be extended along the Desmond property and reach the existing catch basin at the intersection of Road Sections 1 and 2.

(d) There should be provided along the easterly side of the upper section of Road Section 1 southerly of the Rodkey stone wall a roughly graded drainage ditch which should be stabilized with coarse stones and spill into the existing ditch referred to under (b) above.

3. Road Surface

The treated surface of the roadway throughout this section should be 18 feet in width, exclusive of the paved gutter referred to above. A three-foot shoulder should be provided along the outside of the curve and the banks for any sections of fill should be sloped no more than a 4 to 1 slope. Along the curve of the road the surface of the finished roadway should be moderately banked, to the approval of the Road Agent, with the low part of the road on the inside of the curve. The boulder beside the water shut-off opposite Dr. Norton's property should be removed and this shut-off covered with a suitable metal cap which should be set in the asphalt level with the surface of the completed pavement.

4. Turnaround

At the southerly end of Road Section 1, between the Rodkey and Norton property and for a distance of fifty feet, the paved surface of the roadway should be broadened to a width of 20 feet. This turnaround area should be graded so that it will be as nearly level as is reasonably possible, having regard for the driveways heretofore installed by the landowners.

Road Section 2.

1. Drainage

(a) A four-foot wide paved gutter should be installed along the easterly side of Tomahawk Road, designed similarly to the paved gutter specified for the westerly and southerly side of Road Section 1 above. This paved gutter should drain into the catch basin at the intersection of Road Sections 1 and 2.

(b) A stone or cement header should be installed at the easterly end of the 14-inch culvert which presently passes beneath the southerly end of this road section.

2. Turnaround

The paved surface of the southerly fifty feet of this section of road should be 20 feet in width for purposes of a vehicular turnaround. Any unpaved portion of Road Section 2 should be checked to be sure that is is paved to the required width of 18 feet.

Road Section 3.

Because of its excessive grade, this section of roadway will not be considered for acceptance as a public street but will be considered for acceptance by the Town

solely for purposes of a continuous looparound to be used by Town snow plows or other highway equipment working on Road Sections 1 and 2. Road Section 3 should be paved with a strip of bituminous asphalt 12 feet in width. The roadway should be suitably crowned to the approval of the Road Agent and the ditch along its northerly side line should be cleared and cleaned out so that it leads to the culvert heretofore referred to at the southerly end of Road Section 2.

General Requirements.

In addition to the foregoing, the Selectmen will also require the following:

1. Drainage easement with respect to all land on which culverts will discharge and executed by all persons having any interest in that land.

2. A covenant that neither you nor any successor to your interest in the area will ever request that Road Section 3 be accepted as a public street.

3. A release of the Town as to any claims with respect to the Rodkey stone wall or any damage which might be done to it by any Town equipment and a slope release from Mr. Rodkey to permit removal of the wall at a future time if it falls into disrepair, endangers the road, and the owner refuses to repair it.

4. A final revised plan as well as certified profile of the entire roadway system showing the Norton and Rodkey driveways and the Rodkey stone wall as well as the ends of Road Sections 1 and 2, which will, of course, mark the ends of the publicly accepted roads.

The Selectmen contemplate waiving the 50-foot width requirement along that part of Garrison Road where the Rodkey stone wall constitutes an encroachment. With this exception, the required roadway width will, of course, be 50 feet and the other standards required for an acceptable town road, in terms of depth of gravel, type of surface, etc., shall be as provided in the standing vote of the Town.

Very truly yours,

JOSEPH S. RANSMEIER, Chairman

JSR:tcm

REPORT OF HIGHWAY DEPARTMENT

Despite considerable adversity additional improvements to the Town roads were accomplished during 1969. Most of the trucks used by the Department as well as considerable Department equipment were destroyed by fire in January. Heavy snows followed almost immediately, and only the unselfish cooperation of friends, who came forward with the loan of equipment, kept our roads passable.

The TRA Project undertaken during the year consisted of a continuation of improvements initiated during the previous year on the Penacook Road. An additional 0.7 miles were rebuilt, including widening, cutting, filling, regrading, compacting gravel base and asphalting.

Approximately 12 miles of paved Town roads received a spray coat of asphalt and sand seal during the year.

Roadways widened, graded and gravelled during the year included the following:

Irish Hill Road	0.5 miles
Upper Spring Street	0.6 miles

A continuation of the previous year's program of improvement to drainage of the roadway system was carried out. Old culverts were replaced with new paved-invert corrugated steel pipe as follows:

Irish Hill Road	2
Gene Foote Road	1
Bassett Mill Road	2
Leo Thain Road	3
Jim Locke Road	3
Dan Dustin Road	2
Brockway Road	1
Lower Straw Road	1
Total	15

New culverts and stone headers were added to roads as follows:

TRA Project	2
Gene Foote Road	2
Total	4

The cost of highway construction materials and labor continues to rise, and early storms last Fall contributed to the difficulty in keeping Department costs within the funds budgeted.

Dismantling of the Old Blackwater Bridge, begun in 1968, was continued during 1969.

BERNARD G. FOSTER
Road Agent

REPORT OF CEMETERY TRUSTEES

1969

RECEIPTS

General Funds		
Cash on hand January 1, 1969	$ 255.38

The town was saddened by the death of Mrs. Moses Clark (affectionately known as "Dot" Clark). For over ten years she has supervised the care of and worked in the 6 Hopkinton Cemeteries. She took pride in their appearance and was untiring in her work.

RULES AND REGULATIONS FOR THE NURSE

1. The Hopkinton Public Health Nursing Association provides for nominal fees, a trained nurse whose duties are to visit the sick in need of nursing care, minister to them in their homes, teach their families the simple rules of hygiene, ventilation, preparation of food, etc., when necessary.

2. The nursing service of this Association will work in cooperation with the Public Health Nursing Division of the State Board of Health.

3. The nurse shall be administratively responsible for the conduct of her work to the chairman of the executive board of the Hopkinton Public Health Nursing Association.

4. The nurse shall wear uniform as prescribed for State Board of Health Nurses.

5. The nurse is required to respond to every call, but will continue with the case only under the direction of a physician.

6. Orders for treatment given by the nurse shall come through medical men designated by this organization.

7. The nurse shall be on duty from 9:00 A.M. to 5:00 P.M. with one hour for lunch, from Monday through Friday. She shall be subject to emergency calls through a doctor. The nurse will be allowed two weeks vacation with pay and two weeks sick leave with pay per year.

8. Daily visits to acute cases for a period of a week shall be allowed – weekly visits to chronics.

9. The nurse shall not be required to attend patients with contagious diseases nor those in quarantine.

10. The fee to be collected by nurse is set at 50 cents per visit. Night fee – when nurse is called by doctor for emergency – will be $3.00.

11. All complaints shall be handled through the executive committee of this Association.

12. The nurse shall respond to all calls from the school teachers as soon as possible. She will also transport children home who have become ill while in school if parents are unable to do so.

13. The nurse will assist the school physician in doing the yearly physical examinations in the schools.

The following are the latest amended Bylaws of the Association, reflecting certain changes adopted at a meeting held February 17, 1970:

BYLAWS OF HOPKINTON PUBLIC HEALTH NURSING ASSOCIATION

Article I.

The name of this association shall be the HOPKINTON PUBLIC HEALTH NURSING ASSOCIATION.

Article II.

The object of the Association shall be to establish and maintain a system of nursing and public health care in said Hopkinton; and to raise sufficient funds, supplementing the town appropriation, to pay the necessary expenses.

Article III.

Sec. 1. The annual meeting of this association shall be held the second Monday in January, and annual reports to run to the end of December.

Sec. 2. The officers shall consist of a President, Vice-President, Secretary, and Treasurer. The latter two offices may be combined in the single office of Secretary-Treasurer. The officers shall be chosen from the members at large of the Executive Board.

Sec. 3. The Executive Board of the Association shall consist of seventeen voting members including twelve members at large who shall be residents of the Town and shall be fairly representative of its different areas, the three selectmen, the junior member of the School Board, and the Town Health Officer.

Sec. 4. Meetings of the executive board shall be held the second Monday of October, January, April, and June, and five members shall constitute a quorum.

Sec. 5. The President shall preside at all meetings of the Association and Executive Board, and shall, at his discretion, call special meetings of either. Special meetings of the Executive Board may also be called by two of its members. The Vice-President shall preside at all meetings of the Association and Executive Board, in the absence of the President. The Secretary and Treasurer shall receive the money from all sources and keep all financial records and pay all demands approved by the Executive Board and keep records of each meeting and report at following meeting.

Sec. 6. It shall be the duty of the Executive Board to supervise the nurse's work, and to do whatever also shall be necessary to maintain an efficient nursing service.

Sec. 7. The President shall have the power to appoint such committees as in his judgment shall be necessary to carry on efficiently the work of the Association.

Article IV.

A nominating committee of three shall be appointed by the President at least three weeks prior to the January meeting, who shall present at such meetings a list of nominations for Officers and Directors' but the right of a member to make a nomination from the floor shall be recognized.

Article V.

The members of the Executive Board at large shall be chosen by the Board of Selectmen to serve for a three-year term, the terms of four members expiring each year at the annual Town Meeting. The Executive Board shall have authority to propose nominations to the Board of Selectmen for members at large, but the final determination as to appointments shall be within the sole discretion of the Board of Selectmen.

Article VI.

Amendments to the Bylaws may be made at any regular or special meeting by a majority of the votes cast provided all members have been notified of the meeting and proposed changes at least two days in advance.

Robert G. Reed, Jr.
Treasurer

At our Annual Commissioners' Meeting in December, it was suggested that our main project for 1970 would be to update and repair all the various athletic and recreational facilities in the park.

Our playground apparatus will be repaired, and several pieces of new equipment installed to replace the old. The basketball area will be completely fenced in, with all regulation lines painted on the court. Both baseball fields and soccer field will be fertilized and limed. The remaining damaged portion of chain link fence along Park Avenue will be repaired. Other projects will include the removal of the old baseball backstops, improving the tennis court area, and continuation of the tree trimming and grounds cleaning projects. New water pipe lines to both ball fields are expected to be installed. Plans are presently underway to improve the main entrance into the park.

Highlights of the past year include the construction of the basketball court, the installation of two new baseball backstops, and the creation of the precinct and park storage building.

Robert G. Reed, Jr. Term expires 1972
Eldon Carruthers Term expires 1970
Richard Symonds Term expires 1971

POLICE DEPARTMENT

Your Police Department continued emphasis on preventive law enforcement – with emphasis on traffic laws, work with parents and teen-agers on drugs, and surveillance of seasonal and business buildings during night hours. Criminal breaks into dwellings increased early in 1969, with a large portion of the cases solved, and decreased from prior years in late 1969.

Drug investigations have increased in 1969. Seventeen cases of drug abuse were investigated in 1969, compared with three cases in 1968. Many hours were spent with teen-agers and parents to attempt to minimize the expected growth in use of drugs in Hopkinton.

There were several changes in personnel in 1969. James Hargrove served as acting chief from January to March, and as chief from June to date. Raymond Buskey was chief for the period April to June. Officer Chester Jordan, a three year veteran with the Concord police department, graduate of the New Hampshire State Police Academy, and student for four semesters in police courses at St. Anselm's college, joined the Hopkinton Department in July as night officer, to replace officer Hargrove who was promoted to Chief.

The School Safety Patrol operated successfully for the second year, under the direction of Mrs. Pertice Gaskill and Mrs. Gerhard Fuglestad, and with more than 20 youngsters participating.

Chief Hargrove, and Officers Strickford and Jordan, attended St. Anselm's College, studying Search & Seizure, Crime Prevention, Patrol Procedures, and Investigative Report Writing, at night, on their own time.

We answered 3,167 of your telephone calls, travelled 55,385 miles to give you 24-hour, 7-day protection.

The Contoocook Valley Animal Shelter, under the direction of Robert Duclos, and with the support of the Ella Tarr Trust, operated for its second year. Dunbarton and Henniker have joined the Shelter as full members.

We need a suitable police office. As was said in the 1967 Town Report by Chief Daniels, "I feel a great need for improved facilities – that is, a new police office. Sharing quarters with the Selectmen in the Town Hall is not satisfactory. We have not been able to interrogate criminal suspects with sufficient privacy. Talks with parents and children are interrupted by other meetings in the town hall, and cannot be private there. There are no secure facilities for storage of evidence in criminal cases. Files are exposed to casual visitors. I hope that the Townspeople will support our efforts to get a better office." Two years later, I can only agree.

The department will continue strict enforcement of criminal and motor-vehicle laws. Sidewalks must be improved – particularly in Contoocook – for the safety of our children.

Thanks to the residents, the Selectmen, the Budget Committee, the Fire Department Ambulance Crew, and to neighboring police departments for their help and support this past year.

JAMES P. HARGROVE
Chief of Police

REPORT OF THE HOPKINTON FIRE DEPARTMENT

8 Mutual aid runs to other departments, a rise of 1 over last year. We called for and received mutual aid on 2 occasions also.
7 Brush fires, a gain of 1 over last year.
5 Chimney fires, a drop of 1 from last year due to fewer homes being heated by wood.
3 Motor vehicle fires, a welcome drop of 2 from 1968 considering the growing number of cars traveling the roads in Hopkinton. Interstate 89 poses possible problems for the future, a larger number of cars and trucks carrying a large range of products such as acids, gasoline, LP gas and radio active material.
1 Grass fire, a drop of 3 from 1968.
1 Dump fire, a drop of 3 from 1968.
1 Town dump fire, burning without permit.
1 Burn over town dump, same as last year.
2 Oil burner fires, same as last year.
7 Brush fires, a rise of 3 over 1968.
2 Standby for power failure.
2 Garage fires.
2 Faulty heating equipment.
2 Flooded cellars.
1 Trash pile fire.
1 Overheated house – thermostat set full on.
1 Standby with tanker for auto accident.
1 Flag pole blown across wires.
1 Limbs blown across wires.
1 Manure pile.
1 Hosted mutual aid drill.
1 Standby at stations on Halloween
1 False alarm.

A total of 46 calls, down 14 from 1968.

The ambulance made 94 runs, 16 more than last year continuing an increase each year since the Fire Department started the ambulance service in 1961.

The third annual Hopkinton Fire Fighters Field Day was held at Georges Park on the 4th of July, with Brig. Gen. Harrison Thyng marshalling the parade from Hopkinton to Contoocook. The Grand Prize of a color console TV was won by Harry Patsfield of Davisville. We wish to thank all the merchants and townspeople who helped us to make this Field Day the success that it was.

In August Tanker No. 3 went to the Henniker Fire Department Muster and was entered in competetion for the Best Overall Fire Truck and won first place, over two full time permanent paid departments, and four volunteer call departments. The interest shown by the men and the skills developed help to provide the town with a more efficient department.

We held our 20th annual Thanksgiving raffle and want to extend our thanks and appreciation to all who participated.

Training got off to a good start with men sent to Mary Hitchcock Hospital for ambulance training and also to the Meadowood Training Area in Fitzwilliam for courses in fire-fighting, pump training, communications, LP gas fire fighting, and Fire Dept. administration.

One Sunday morning at 7:00 A. M. the Chief pulled an alarm for the Allen Farm on Kast Hill in West Hopkinton. It turned out to be a Mutual Aid drill involving our dept., tankers from Henniker and a pumper from Warner, with Webster covering the Contoocook station. Pumping with two pumpers from a 1500 gal. portable tank supplied with only 4 tankers, a good job was done. Had it been the real thing, all our tankers would have responded, supplying a greater amount of water.

Finishing up of the meeting and ambulance room in the Contoocook station with installation of heat has been done, with the men again supplying the labor on their own time.

We have again sponsored Cub Scout Pack 77.

We are pleased in noting the downward trend in alarms this year, for it must indicate you, the people, are becoming more fire conscious. Keep up the good work, for no business is good business in our business.

This year, two more red phones were installed in homes of department officers to increase emergency reporting efficiency. Once again, we remind all of the number for fire, ambulance or resusitator – 746-3355. Please state your full name and address, and type of emergency.

Respectfully submitted
LESLIE C. TOWNES
Clerk

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Less fortunate than our northern towns, we had too many fires. Carelessness in burning trash and discarding smoking material and children playing with fire caused most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follows:

Fire Permit

A *fire permit* is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be *prior to 9:00 a.m. and after 5:00 p.m.*

Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with the written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

Penalties

1. For kindling a fire without a permit. Maximum of $200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is $500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland, maximum fine is $25.00

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

Article 37: The following resolution offered by Lloyd Holmes:

Resolved by the town of Hopkinton, in town meeting convened, that the sum of $1,500. be, and is hereby raised and appropriated for Sidewalk Construction.

Adopted in the affirmative.

The moderator declared a one minute recess.

Article 38: The following resolution offered by Albert Hankins:

Resolved by the town of Hopkinton, in town meeting convened, that the sum of $6,000. be, and is hereby raised and appropriated as the Town's share to participate in the Comprehensive Planning Assistance Program, and to authorize the Board of Selectmen to borrow not more than the said sum in the name of the Town for the purpose, and to execute and issue evidence of such indebtedness, notes or bonds of the Town of Hopkinton, pursuant to the provision of the Municipal Finance Act and any applicable laws of the State of New Hampshire.

Peter Guenther offered the following Amendment and spoke briefly explaining the Comprehensive Planning Assistance Program:

Amend Article 38 by deleting all the wording as previous presented, and insert in place thereof, the following:

Resolved by the town of Hopkinton, in town meeting convened, that the sum of $6,000. be, and is hereby raised and appropriated as the Town's share to participate in the Comprehensive Planning Assistance Program; $3,000. to be raised by taxation in 1969, and $3,000. in 1970.

The Article as amended was adopted in the affirmative.

Article 39: The following resolution offered by Audrey Howley:

Resolved by the town of Hopkinton, in town meeting convened, that the sum of $15,000. be, and is hereby raised and appropriated, and authorize the Board of Selectmen, in the name of the Town, to acquire by purchase or eminent domain the Patenaude property, the former Kingsbury and Davis property, on River Street and to demolish said buildings and structures thereon and to regrade the site for a public common area along the Contoocook River, and to further authorize the Board of Selectmen to borrow not more than the said sum in the name of the town for the

purpose and to execute and issue evidence of such indebtedness notes or bonds of the Town of Hopkinton, pursuant to the provisions of the Municipal Finance Act and any other applicable laws of the State of New Hampshire.

A ballot vote resulted in Yes – 230, No – 26.

The resolution was adopted in the affirmative.

Article 40: The following resolution offered by Daniel Bailey:

Resolved by the town of Hopkinton, in town meeting convened, that the sum of $600. be, and is hereby raised and appropriated to be placed in a Capital Reserve Fund for the replacement of the ambulance.

Adopted in the affirmative.

Article 41: The following resolution offered by Richard Strickford:

Resolved by the town of Hopkinton, in town meeting convened, that the sum of $1,200. be, and is hereby raised and appropriated to be placed in a Capital Reserve Fund for the replacement of the Police Cruiser.

Adopted in the affirmative.

Article 42: The following resolution offered by S. Nelson, Jr.:

Resolved by the town of Hopkinton, in town meeting convened, that the provisions of the New Hampshire Revised Statutes Annotated Chapter 33-A relative to the disposition of Town Records be adopted.

Adopted in the affirmative.

Article 43: The following resolution offered by Gale N. Stickler:

Resolved by the town of Hopkinton, in town meeting convened, that the town accept Cemetery Trust Funds as enumerated in the Town Warrant.

Adopted in the affirmative.

Article 44: The following resolution offered by Allen I. Lewis:

Resolved by the town of Hopkinton, in town meeting convened, that the town accept the following funds to be added to the principal of the

present accounts:

1. The sum of $10.00 added to the Helping Hand Fund in Memory of Walter Martin and Arthur G. Symonds.
2. The sum of $300.00 added to the Mary Currier Gould Fund for burial lot care.
3. The sum of $200.00 added to the Marion Brockway – Dorothy Brockway Fund burial lot care.

Adopted in the affirmative.

Article 45: The following resolution offered by Thelma McManus:

Resolved by the town of Hopkinton, in town meeting convened, that the Town accept the sum of $238.50, contributed by friends and organizations to be called the 'Glenn M. Haselton Memorial Fund.' The income from said fund to be expended for the purchase of children's books for the Contoocook Branch of the Hopkinton Free Public Libraries.

Adopted in the affirmative.

Article 46: The following resolution offered by Janet Krzyzaniak:

Resolved by the town of Hopkinton, in town meeting convened, that the Trustees of Trust Funds spend the income from the G. Everett Kelley Fund for Hopkinton Free Public Library.

Adopted in the affirmative.

Article 47: The following resolution offered by Gerald C. Newcombe:

Resolved by the town of Hopkinton, in town meeting convened, that the Selectmen be authorized to borrow money in anticipation of the 1969 Tax Levy.

Adopted in the affirmative.

Joseph S. Ransmeier asked for a motion to reopen under Article 25.

Howard Haman moved in the affirmative to reopen and the motion carried in the affirmative.

A discussion period followed and Robert McManus asked that an itemized list of all town equipment be made.

The Moderator announced that Article 25 was again on the floor, and at this time declared a one minute recess.

Upon reopening, Thomas Johnson offered an Amendment to Article 25, as follows:

Amend Article 25 by striking out the amount of $5500. and insert in its place the amount of $10,000., so that the Article as amended shall read:

Resolved by the town of Hopkinton, in town meeting convened, that the sum of $10,000. be, and is hereby raised and appropriated for General Expenses of the Highway Department.

The Moderator announced that adoption of the Amendment to the Amendment not open for further amendment.

An Amendment to the Amendment was offered by Robert McManus as follows:

Amend the Amendment by striking out the amount of $10,000. and insert in place thereof, the amount of $8,000. so that the Amendment as amended shall read:

Resolved by the town of Hopkinton, in town meeting convened, that the sum of $8,000. be, and is hereby raised and appropriated for General Expenses of the Highway Department.

The Amendment as amended was adopted in the affirmative.

Article 48: The following resolution offered by Merle L. Thorpe:

Resolved by the town of Hopkinton, in town meeting convened, that the reports of the Town Officers, Trustees and Committees for 1968 be accepted as printed in the Town Report, errors and omissions excepted.

Adopted in the affirmative.

Article 49: Janet Krzyzaniak asked for a report of the Sidewalk Committee with reference being made to Article 51 of the 1968 March Town Meeting. Ronald D. Daniels, Jr. responded briefly to her request.

Allen I. Lewis offered the following resolution:

Resolved by the town of Hopkinton in town meeting convened, that for

their efforts in supervising the School Safety Patrol, Mrs. Gaskill and Mrs. Fuglestad be commended for their donation of time and effort in so worthy a cause.

Adopted in the affirmative.

Thomas H. Johnson, Chairman of the Board of Selectmen, extended thanks and appreciation to Ronald D. Daniels, for his services as Chief of Police for the past several years.

The Moderator closed the meeting at 11:10 p. m. and announced the following ballot results:

Total ballots received from printers: 1800. Total ballots cast: 952

David B. Packard,
Town Clerk

A true record 'Attest',
March 11th, 1969

David B. Parkard, Town Clerk

THE STATE OF NEW HAMPSHIRE

Merrimack, ss. **Town of Hopkinton**

WARRANT FOR SPECIAL TOWN MEETING

To the inhabitants of the Town of Hopkinton qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Hopkinton on Saturday, the 1st day of November next at 9:00 in the forenoon, to take action upon certain proposed amendments of the Town Zoning Ordinance as prepared by the Town Planning Board, by voting upon the following questions:

Article 1. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance and which provides in substance for reorganizing the provisions of Articles IV, V and VI and making them internally consistent, makes certain changes in the nature of uses allowed under special permit in the Rural District and the procedure for their authorization, and makes certain changes in the administrative provisions of Article VIII?

Yes ☐ No ☐

Article 2. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance and which provides for a new zoning district to be known as the Rural-Residential District?

Yes ☐ No ☐

The foregoing articles are to be voted upon by ballot vote with the use of the checklist, with the polls to be open from 9:00 in the morning until 6:00 in the evening. Official copies of Amendment No. 1 and Amendment No. 2 are available at the office of the Town Clerk and will also be on display at the Town Hall at the time of the said meeting.

Given under our hands and seals this 15th day of October, 1969.

REPORT OF SPECIAL TOWN MEETING

November 1, 1969

The Special Town Meeting was called to order by the Moderator, Philip S. Dunlap, on November 1st, at 9 o'clock in the forenoon, to take action upon certain proposed amendments to the Town Zoning Ordinance as prepared by the Town Planning Board, as outlined in the Warrant. Following the reading of the Warrant, the Moderator declared the meeting open for voting.

The Moderator closed the meeting at 6:00 P. M., and announced the following ballot results:

Total ballots cast: 851

Article 1: Yes – 177, No – 668

Article 2: Yes – 177, No – 671

The Moderator announced both Articles were lost.

Meeting adjourned at 6:50 p. m.

David B. Packard
Town Clerk

Total	$4,135.00

In May 1969 the Chief of Police of Hopkinton requested the Commissioners to rent the Precinct Building (the old fire station) to the Town for a Police Station. At a special meeting held June 20th a resolution to rent it lost. The Commissioners will welcome suggestions about the future use of the building.

The flag has been raised regularly in the town square and Christmas lights were put on the tree. Volunteers cleared the frog pond for skating and lights have been provided. Marshall Rowe of Henniker has been employed to repair the town clock but his work cannot be completed until structural repairs are made.

HOPKINTON VILLAGE PRECINCT WATER DEPARTMENT REPORT

A new 2" water line was run on the north side of Main Street from Briar Hill Road to Lilac Lane. Two customer service lines were replaced into this new main. In effect, this provides a loop from the Village Square to Lilac Lane to better serve customers on both sides of the main stret.

An emergency standby pump, funds for which were generously donated by Mr. Charles VanRensselaer of this Precinct, has been purchased and final arrangements are being made for its installation on the Briar Hill well. This is to serve as a standby source in lieu of the old Putney Hill gravity system.

Final settlement of the two motor failures of 1968 is still pending. Legal action brought by the installer, R. H. White Company (see 1968 Town Report), has been referred to Attorney Upton of Concord.

Currently, plans are being discussed for improvement of existing low pressure services and laying of two extensions to add new subscribers whose present wells have been infiltrated by salt.

Notes accompanying financial statement

a Installed, 1969.

b Includes $2,000 in trustee account pursuant to R. H. White attachment. This litigation was reported to the Precinct in the Treasurer's report last year. The claim is in the amount of $1,887.81 and is for work and materials supplied by the plaintiff after a pump breakdown in 1968 which the Water Board believes was occasioned both by the fault of Camp, Dresser & McKee, Engineers, who designed and supervised the original construction of the Precinct waterworks system, and of the plaintiff itself which served as contractor to install the system. The Commissioners have referred the matter to Upton, Sanders & Upton as counsel, but do not believe the Precinct to be liable on the claim and have therefore refused to pay it.

1970 BUDGET OF THE CONTOOCOOK FIRE PRECINCT

Appropriations or Expenditures	Actual Expenditures Prior Year	Recommended By Budget Committee

CIVIL DEFENSE

Your Civil Defense department has concentrated on Rescue activities again this year. The Hopkinton Rescue Squad, directed by Ronald D. Daniels, Jr., and with James Schoch as squad commander, had six rescue calls in 1969. These included rescue of persons trapped in vehicles in accidents, underwater search and rescue, and search for a lost hunter and a lost child.

The Rescue Squad has 14 members, who completed a Red Cross first-aid course, and held 35 drills and training meetings. The Squad is prepared to handle disaster situations – vehicle accidents, snow or water rescues, equipment or building collapse.

A building to house the Rescue Truck and boat has been completed on Pine Street. The truck has been qualified as an ambulance, and serves as a back-up to the Fire Department ambulance service.

The Squad plans an open-house to demonstrate the truck, equipment and building on Memorial Day in May. All residents are invited to attend.

Thanks are due to twenty residents and local businesses for donations for the building and equipment. A plaque commemorating these gifts will be unveiled at the dedication on Memorial day.

Civil Defense personnel will inspect and maintain the emergency stocks and equipment in the Hoague-Sprague Corp. shelter, and will expand the equipment housed in the schools.

Ronald D. Daniels, Jr. has been appointed as Civil Defense Director, replacing B. B. Paine who resigned at the end of the year for personal reasons.

B. B. PAINE
Director 1964-1969

SCHOOL WARRANT

To the Inhabitants of the School District in the town of Hopkinton qualified to vote in district affairs:

You are hereby notified to meet at the Hopkinton Town Hall on the tenth day of March at 8:55 in the morning to act upon the following subjects:

1. To choose by non-partisan ballot the following school district officials, with the polls open at 9:00 o'clock in the morning and remain open continually until 6:00 o'clock in the evening.
   A. Moderator for the ensuing year.
   B. Clerk for the ensuing year.
   C. Treasurer for the ensuing year.
   D. Two School Board Members for the ensuing three years.
   E. One School Board Member for the ensuing two years.
   F. Auditors for the ensuing year.

Note – After action on Article I the meeting will recess and reconvene at 1:00 P. M., Saturday, March 14, 1970 at the Hopkinton High School Gymnasium to act upon the following subjects:

2. To choose agents, auditors or committees in relation to any subject embraced in the warrant.
3. To see if the district will authorize the School Board to make application for and accept on behalf of the district, any and all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire for the school year 1970-71.
4. To hear the reports of agents, auditors, committees and officers chosen and to take any action relating thereto.
5. To see what sum of money the district will raise and appropriate for the support of schools, for payment of salaries for school district officials and agents and for payment of the statutory obligations of the district.
6. To see if the district will raise and appropriate the sum of $2,000 to be used as a contingency fund for the school district.
7. To see if the district will raise and appropriate the sum of $2,885.50 to operate a class for mentally retarded children in conjunction with the other districts of Supervisory Union No. 24. Sponsored by Supervisory Union No. 24.
8. To see if the district will vote to adopt the provisions of R. S. A. 197:1-a which permits the election of school district officials at the annual town meeting.

9. To transact any other business that may legally come before said meeting.
Given under our hands at said Hopkinton this 9th of February, 1970.

GEORGE A. LANGWASSER
LAWRENCE C. PATZ

HOPKINTON SCHOOL DISTRICT
Report of Annual School Meeting
March 11, 1969

The annual meeting of the Hopkinton School District was held at the Hopkinton Town Hall on March 11, 1969.

The meeting was called to order at 8:55 A.M. by the Moderator, Richard A. Brunel.

Attested copies of the school warrants for both the March 11 and March 15 meetings were read by the Moderator.

Article 1

The Moderator declared the polls open from 9:00 A.M. until 6:00 P.M. for the election of a moderator, a clerk, a treasurer, a member of the school board for three years, and a member of the school board for one year.

Lawrence Patz made the following motion:

I move that this annual school district meeting recess, the polls remaining open as provided by Article 1 of the Warrant, to reconvene at the Hopkinton High School Gymnasium on Saturday, March 15, at 2:00 in the afternoon.

The motion was seconded and passed in the affirmative.

After the closing of the polls at 6:00 in the evening, upon a count of the ballots with results as noted in the attached tabulation, the Moderator declared the following officers elected:

Moderator	Richard A. Brunel
School Board for one year	Lawrence Patz
School Board for three years	Andrew McEvoy
Treasurer	John Munhall
Clerk	Neola Crathern

The recessed portion of the annual meeting of the Hopkinton School District was convened at the Hopkinton High School Auditorium on Saturday, March 15, 1969 at 2:00 in the afternoon.

HOPKINTON SCHOOL DISTRICT
Report of Annual School Meeting
March 15, 1969

The meeting was called to order by the Moderator, Richard A. Brunel.

An attested copy of the warrant was read by the Moderator.

Article 1

The chair recognized Charles A. George who made the following motion.

I move that the auditors for the Town of Hopkinton be elected to be the auditors of the Hopkinton School District.

The motion was adopted in the affirmative.

Article II

The chair recognized Lindsay Collins who made the following motion.

I move that the district authorize the school board to make application for and accept on behalf of the district any and all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire for the school year of 1969-70.

The motion was adopted in the affirmative.

Article III

The chair recognized Mrs. Lindsay Collins who made the following motion:

I move that the reports of agents, auditors, committees and school district officers be accepted as printed in the school report.

The motion was seconded by Joseph Ransmeier.

After a statement by George Langwasser concerning errors and omissions in such reports as printed in the Town Report, Mrs. Collins and Mr. Ransmeier agreed to the addition to the foregoing motion of the following language:

Errors and omissions excepted, and I move that the following be made a part of the 1968 Hopkinton School District Report: the report of the salary study committee, the minutes of the special meeting of November 9, 1968 and Article VI on page S3 be changed to read $545,000.

The amended motion was adopted in the affirmative.

Article IV

The chair recognized Charles Douglas who made the following motion:

I move that the district vote, that starting in 1970 the Hopkinton School Board shall consist of five members and that they shall be elected to conform with RSA 197:15 and the schedule printed in the school report.

The motion was seconded by Mrs. Edith Allison.

The article was passed in the affirmative.

Article V

The chair recognized Marshall Moyer who made the following motion:

I move that the district raise and appropriate the sum of $650,323 for the support of schools, for the payment of salaries for school district officials and agents and for payment of the statutory obligations of the district. In the event that action on Article VI is negative, the sum shall be reduced to $557,673.

The motion was seconded by Worcester Smith.

Samuel Reddy moved that the motion be amended by striking out the whole thereof and substituting the following:

I move that the district raise and appropriate the sum of $684,056 for the support of schools, for the payment of salaries for school district officials and agents and for payment of the statutory obligations of the district. In the event that action on Article six is negative, this sum shall be reduced to $591,406.

After discussion, a motion for a ballot vote on this amendment was made by Fred Roberts. This was declared defeated by the Moderator, after a voice vote.

The amendment was passed in the affirmative.

The motion as amended was then voted in the affirmative.

Article VI

The chair recognized Fred Roberts who made the following motion:

I move that the district appropriate the sum of $100,000 in addition to the $545,000 appropriated on March 15, 1968 to complete the building program authorized under Article VIII of the Warrant for the 1968 Annual Meeting and to raise this appropriation by borrowing in the name of the school district under the provisions of the Muncipal Finance Act, and, in addition to the foregoing appropriation, authorize the School Board to apply toward the cost of the project any available state or federal funds according to the terms under which they are received as well as any interest received.

The Moderator explained that this resolution required a two-thirds ballot vote for passage with the use of the check list.

He also stated that he had been instructed by the School Board that after the polls had been opened, they should be held open until 7:00 in the evening to allow a reasonable time for balloting.

Thomas W. Gerber then made the following motion:

I move that the Hopkinton School District, in annual meeting convened, vote to close the polls 90 minutes after termination of discussion on Article VI in the School District Warrant.

The motion was seconded by Stanley McCausland.

Mr. Gerber then requested the Moderator to read a certain letter dated February 26, 1969 from Palmer and Dodge, Esquires of Boston, Massachusetts to New England Merchants Bank of Boston, Massachusetts concerning certain proceedings of the School District Meeting held on November 9, 1968. The Moderator then read this letter as well as a further letter of Upton, Sanders &

Upton to Mr. Clifford Sharpe of Hopkinton School Board dated March 1, 1968 concerning voting procedures of the District.

After discussion of the motion, on a voice vote, the Moderator declared the motion to be defeated. A standing vote was then requested by seven members of the district. After such a vote has been taken, the motion was declared defeated with a vote of 195 No, 122 Yes.

After discussion on Article VI the polls were declared open until 7:00 P.M. for a ballot vote. Voting was done with the use of the checklist and supervisors of the checklist, Mrs. Carolyn Wallace, Mrs. Pauline Wilder and Mrs. Marilyn Tucker were present. Ballot clerks assisting the supervisors were Mrs. Jessie Brown and Mrs. Eleanor Morin. Samuel Reddy was in charge of the ballot box. The polls were opened at 4:20 P.M.

The polls were closed at 7:00 P.M. The following were the inspectors of the ballots: Samuel Reddy, Mrs. Neola Crathern, Andrew McEvoy and Pertice Gaskill.

Total votes cast	772
Yes	600
No	170
Void	2

The motion was declared to have passed in the affirmative with the necessary two-thirds vote.

Article VII

While the ballots cast under Article VI were being counted, Kendrick Sawyer moved that the meeting take up Article VII. After being seconded, the motion was adopted. The Chair then called up Article VII but no resolution or other motion was offered. The Moderator then declared the meeting in recess until the completion of the count under Article VI.

After announcement of the results of voting under Article VI, Andrew McEvoy made a motion that the meeting adjourn. This was seconded and the Moderator declared the meeting adjourned at 7:20 P.M.

Immediately following adjournment of the meeting, Mr. Langwasser administered the oath of office as Moderator for the ensuing year to Mr. Brunel, and Mr. Brunel in turn administered their respective oaths of office to Lawrence Patz and Andrew McEvoy as School Board members and to Neola Crathern as School District Clerk.

Respectfully submitted:

NEOLA CRATHERN, Clerk
RICHARD A. BRUNEL, Moderator

The following is a record of votes cast for School Officers:

For Moderator:

Richard A. Brunel	509
Philip Dunlap	435

For School Board, 1 year:

Lawrence Patz	435
Thelma McManus	416
William Grenert	44
Donald Ingram	30

For School Board, 3 years:

Andrew McEvoy	521
James Yeager	407

For Treasurer:

John Munhall	822

For Clerk:

Neola Crathern	838
Patricia Desmond	1

Total Votes Cast	952

SUPERINTENDENTS REPORT

Sometime in the long, dim distant past someone conceived the idea that the superintendent of schools should write an annual report to be published in the annual school report. The content of most of these reports has been pretty much as the term conotates, i.e., a recitation of past happenings, and I don't use that term in the sense it is presently being used by some segments of our society.

I have never given it much thought, but a review of my reports, over the years, will reveal that I have ignored the strict interpretation of the word "report", but instead have spent my time gazing wistfully into the future, predicting ominous happenings – there goes that word again – and occasionally prognostigating accurately the dire consequences of procrastination.

I feel no compulsion to change my strategy as I approach the conclusion of my tenure but I will attempt to look back as I look ahead. This assumes that I will be temporarily blessed with much greater physical capabilities than Cyclops.

Education used to concern itself with the Three R's or what is now called the basics and for the agrarian society of the early days of our country the ability to read and cypher a bit was adequate. However, little by little the great strides in technical knowledge began to make life more complicated and educators, in an attempt to meet the needs of society, changed their emphasis from basic education to educating the whole child.

It was at this point where we ran into trouble. At first educational proponants of change had little trouble in selling new ideas in teaching. We dropped phonics for sight reading, we joined History, Geography and other basic courses in the social science area and taught social studies, we adopted the so-called new-math, we ungraded classes, we involved the Joplin Plan, we departmentalized our elementary schools, we instituted CBA Chemistry and PSSC Physics and made a raft of other assorted changes in an attempt to keep abreast of the needs of mankind in this ever changing and growing complex world. As our changes were put into effect we learned at least one thing and that is that there is a great deal of truth in the old adage, "that what is good for the goose is not always good for the gander". We have known right along that all youngsters are not alike but in too many instances we tried to place them in the same program and while some youngsters profited from their new experiences an equal number suffered from them. Today we have almost as many answers to educational problems as we have educators and probably the answers are correct when we talk about a particular child or a particular group of children.

There are those who would say that educational practices have gone from slight confusion to chaos but I don't quite buy that. Educators have made a sincere effort to improve the product of their efforts but lacking specific goals and the present desires on the part of parents and student to achieve beyond their capacities to do so have confused the picture to the extent education is probably overly criticized.

It may be that educators in an attempt to solve the complexities of the

learning process have taken themselves too seriously and need to go back to the basic education philosophy and use the knowledge gained during that period of "great experimentalization" when and where there is merit in doing so.

The above was written with full knowledge that in many instances that is just what we are doing. We find phonics has returned to its rightful place in the teaching of reading; we have found that the new math isn't for everyone and are adjusting to its use; we have found out that the new emphasis in several subject areas has merit for certain youngsters but that the old emphasis provided a better contribution to a sizable group. What I am saying is that educators the same as scientists have to experiment with new ideas; but unlike science which can usually be worked out by formula prior to experimentation, children are individuals and rarely react the same to the presented motivation even though often similar. Educators are not as confused as to where they are going and how they are going to get there as it sometimes may appear but are moving forward even though at times it appears to be in a somewhat disorderly fashion.

If given a chance, I predict that the next twenty-five years will see great progress on the part of the educator to improve the learning process and I regret that I shall not be a part of it.

Some of the above was written with "tongue in cheek". It was an attempt to express some truths, to make light some of our experimental errors and to express confidence that education is progressing as fast as most segments of our society outside of the field of technology.

In closing, I do want to express my gratitude to the many school board members with whom I have worked; the excellent office staff, with which I have always been blessed, the hundreds of teachers with whom I have been associated, the citizens, without whose support our schools could not have operated and last, but certainly not least, Polly, who never complained once about those hundreds of evenings she spent alone while I attended meetings, for making my tenure enjoyable; a simple and sincere THANKS!

Respectfully submitted:

NORMAN R. HARTFIEL
Superintendent of Schools

ASSISTANT SUPERINTENDENT'S REPORT

The Sixties in all their acclaim – good and bad – had their effect on schools as they did all other segments of our society. And as people look to the Seventies for some ray of encouragement for things in general, so do those of us in schools. It is easy, as one reflects on what has transpired in recent years to become somewhat pessimistic and hold out little hope for the future of public schools. One merely needs to quickly list such things as student unrest, teacher militancy, inflation, increasing standards for schools, narcotics, etc. to easily see why such an attitude could prevail. Yet, to quickly relegate all to the pessimistic heap is to ignore the good that has been done and what, with reasoned effort, can take place in the future. The increasing efforts of teachers to develop better ways of meeting the educational requirements of their students, the improved quality of some of the materials now available to us, and the willingness to face up to the challenges to our school system tends to ward off feelings of pessimism and bring about a feeling of accomplishment.

I am tempted to relate to you the kinds of things we are doing that I feel hold promise for the years to come. No doubt I will slip a little in that direction, but for the major part of this report I would like to direct my efforts to an overall discussion of some of the ideas that will lead us into the Seventies. Often times we are accused of overworking the idea that what we need is for the good of the students when we are attempting to get a budget or a program passed. And although at times this tack is overplayed, it nonetheless should be a basic motivating purpose to what it is we are attempting to accomplish. Schools are a part of the society and they serve the needs of the society. This is a responsibility we recognize. Yet, they directly serve the needs of the young people who attend and who, in time, will make up our society through not only by being around, but more so in the way they go about fulfilling their responsibilities as members of the society. And it is this ultimate consideration that must be kept in mind as we go about the business of developing the school system.

It was our concern for the type of educational opportunity we were offering to our young people that prompted the development of the CAPE Project. The acceptance of this program by all concerned has resulted in a new concern for what it is we do for children. For those teachers directly involved in the project a renewed vigor has been created. Within many of our schools we have committees studying the reading programs we now have in a concerted effort to bring about greater coordination, a more unified program, a program that will eliminate those gaps that cause many of the child's reading difficulties and explore the utilization of some of the new programs developed for teaching children how to read. This represents an ambitious undertaking, but if we are to do the job in reading as we should then it is a high priority item. CAPE has also seen the attempts of teachers to try new approaches in other areas. Most noteworthy is the process of team teaching that has been tried this year. This is

simply an effort by a group of teachers to use their talents to the best advantage in planning an educational program for the children in a certain grade or subject area. Also, a number of new materials have been made available through the CAPE Project for classroom trial. Rather than base materials selection on the plaudits of advertising companies, we are trying these items out in actual practice. We hope that this will lead us to making better choices in the types of materials we use for instructional purposes.

The coming year will see a concentration by CAPE in the area of vocational education. With the apparent imbalance in our curriculum in programs for students with various needs and abilities, the importance of a good and relevant program in the vocational area ranks high in importance.

The new Elementary Standards are going to pose a number of dilemmas for our area. For each community it will require a thorough examination of its elementary program, and the development of a plan that will provide for meeting the requirements that are part of the new standards. Briefly scanning the list of requirements we note:

1. New services such as guidance, library facilities and materials, health and special education.
2. Subjects offered to include – in addition to usual things – physical education, art, and music.
3. Facilities to house these required programs, if not currently available.
4. And then a number of related items such as class size, in-service education, school philosophy and adequate staff and administration.

Obviously we have much to do. At this point we have developed a survey form to determine how our schools stand in relation to these standards. From this we will prepare recommendations as to how we may best approach this problem. Although we have not completed our work as yet it seems reasonable to say that our thought will be to develop a phased program that will space itself out over a period of time rather than to attempt a crash program that will yield little and cost much.

Now to look ahead with a one man brainstorming session. The preceeding topics are with us. They are fact. Yet the methods of achieving some of our needs is a point requiring much thought. I know that if I were to mention the word cooperative it would raise some eyebrows. Yet for some, this still may be an avenue of approach. Be that as it may, the fact still remains that because each of our districts is small we must pursue a course that will allow us to provide a reasonable program at a cost that is not prohibitive. One approach that seems worthy of consideration at this juncture is shared services. By this I simply mean the sharing of programs and services by the districts within this Union. The first example of this is the proposed sharing of a program of special education for the mentally retarded child by all the communities in this Union. This proposal is something upon which you will be asked to vote at your Annual Meetings. It is

this kind of approach that may help us to meet some of our needs in lieu of other ways. Let me suggest some other areas in which the idea of shared services may be explored.

First, we all share a vital concern about the many apparent problems we have in reading. We hear much about the need for a remedial reading teacher. I submit that the need for such a highly specialized person is not so great as is the need for a person who has the expertise to develop and supervise a sound reading program that will meet the needs of all concerned. Such a person would be expensive for one community, but might be something on a shared basis that could help us in this area.

A second area is that of vocational education and/or related programs. We now have a tremendous duplication of facilities among our schools as well as a concern that what our programs are providing may not be as relevant to our students' needs as they should be. Thus, the idea to perhaps share facilities and personnel. That is, each school might offer different programs, and for a certain part of a day students could attend the program they have elected in the school where it is available. This, obviously, would require considerable study. The CAPE committee this year will address itself to this as well as other topics on this subject.

Finally we are rapidly approaching the era (for lack of a better word) of the extensive use of audio-visual materials. These are rather expensive items – both the teaching materials and the equipment with which to use them. At the same time the preparation of materials that fit into our programs and the technical use of some of the equipment requires time and training that we do not have an abundant supply of. Here again we see an area of possible shared effort something on the order of the Instructional Materials Center in Hampton, N. H., whereby we could produce materials, have a distribution center for various items and have a person with the technical know how to assist teachers in the use of this material.

The point of these thoughts is to say to you that with the costs of education being what they are, and the relatively small size of our school systems it seems logical to explore ways in which we can still provide a sound program and yet not become economically inefficient in so doing. You will hear more from us on this topic in the near future.

Our intent is to develop the kind of school system that will do the best possible for each child in it. This rather idealistic statement is really what it is all about. The moment we lose sight of it, then any of the recommendations we put forth will lose a great deal of their meaning and significance. We believe in the individual child and much of our direction is aimed at meeting his particular needs. He needs discipline, but he also needs compassion and understanding. It is towards this degree of understanding that we are moving. For some reason schools seem to lag. We are trying to overcome that lag through a reasoned approach.

In closing, I would like to call your attention to a small booklet published by

the American Association for School Administrators entitled *A Climate For Individuality.* It contains much that causes one to think. Two short paragraphs that don't necessarily relate closely to this report nonetheless leave one with something on which to ponder. (The opening sentence refers to the book – not this report.)

"Perhaps some who read this will see in it an image of a soft, 'idealistic' world where children are petted, pampered and given too much. We are so accustomed in these days to the harsher strains of talk of forced growth, and a frenzied pressure upon youth, that anything else sounds weak and mild. Many adults, freightened by a world they themselves have created in major respects, are frantically determined to set rigid patterns of content and common standards of achievement which are unsound, unrealistic, and dangerous. They seem determined to impose on the next generation rigid standards which border on a sadism born of fear and frustration.

"But our image is of another sort. It is an image of a child with a secure base to operate from as he forays out into a world that may be tough; a child with an accumulating reserve of experience that carries him courageously into new and risky ventures; a child with a concept of himself that nerves him to dare. It is anything but a soft and sentimental picture. For it assumes that life takes strength, and it is based on faith that a rugged inward strength can grow to a level of power most men never know they have."

ELEMENTARY PRINCIPAL'S REPORT

The 1960's could well have been called the decade of educational revolution. We have tangible by-products of this revolution in almost every school throughout the country. Team teaching, departmentalization, individualized instruction, learning resource center, open concept school, multi media approach, this-and-that specialist – all of these developed to a great extent during the '60's.

The cost of education during this era has also been phenomonal. In some communities throughout the country, educational spending has practically priced the community right out of existence. In the Report of the Citizens Task Force pertaining to Education, the statement is made that "the costs of education have outrun increases in enrollment and will continue to do so – in ten years, the number of pupils increased 50 percent while the cost of educating them has more than doubled."[1]

As educators, it becomes our responsibility to ensure you, the taxpaying citizen, that we provide full educational measure for every dollar spent. How then do we reconcile careful scrutiny of these dollars to an education that meets the needs of todays children?

First, we must define those needs.

Second, we must plan carefully and comprehensively how, when, and at what cost we can implement our program.

Third, we must continually evaluate and re-evaluate our progress in light of those goals we have established.

Hopkinton is presently providing public kindergarten experience to 73 pre-first grade children in our community. This program has brought to fruition, through careful planning, a felt and expressed need. We will continuously evaluate and re-evaluate our program to make certain it provides the wide assortment of activities desired to give participating children the self confidence necessary to successfully meet any new learning experience.

Shared Services

The two Cape Project studies (social studies-1968, and reading-1969) provide evidence that school districts can obtain certain services on a cost-sharing basis. These two studies, underwritten at a minimal cost-per-pupil have already caused considerable re-evaluation of the social studies and reading programs in our schools.

Without a cost-sharing plan of some sort, Hopkinton could never afford the extremely valuable services offered to us by the Concord Mental Health Center. School consultation services alone would more than expend our appropriation to the Center.

There are other areas in which shared services of this nature could prove highly beneficial from an educational standpoint, and feasible from a financial point of view. Hopkinton desperately needs the services of a reading special-

ist – someone trained to assist teachers in defining and diagnosing various reading difficulties and to lend support throughout the remediation process. Although the cost of such a specialist might be considered prohibitive to a single district, the same cost distributed among two or three districts could well prove very realistic. Certain expensive pieces of audio-visual equipment, as well as professional books and materials could be housed in a central depository and dispersed to schools on a loan basis.

Educational change does not necessarily denote educational progress. Only if we, a concerned Community, give direction to that change, will the educational climate we provide meet the demands of the next generation.

MALCOLM A. MERRILL
Principal

Of the 44 members of the class of 1969, 40.9% are attending four year institutions and 15.9% are attending institutions for one to three years duration. Of the remaining members, seventeen are gainfully employed, one is in the Armed Forces, and one is a housewife.

Those who are continuing their education are doing so at the following institutions: University of New Hampshire, Keene, Plymouth, Boston Conservatory of Music, New England College, Vanderbilt University, Northeastern University, Wells College, Springfield College, Amherst College, New Hampshire Technical Institute, New Hampshire Vocational Institute, Arcadia University, Houle's Beauty School, and Margaret's Beauty School.

The following members joined our teaching staff in September of 1969: Mr. Raymond Banks – German; Mrs. Gail Steinecker – French; Mr. James Harris – Science; Mrs. Frances Morrill – Junior High Science and Math; Mr. David Veno – Guidance Counselor; and Mr. Peter Darrigo – Art.

At long last we are making use of the new facility. It is one of which the people of Hopkinton should be justifiably proud.

Presently we are making a continuing study of our English and Social Studies offerings to see what changes will be made in order to make the best possible use

of our new facilities. Such a study will also be made in our other areas. The main obstacle to these curriculum studies is finding time. It is hoped that the State Board of Education will give us help in finding a solution to this problem. We are also planning a study of flexible scheduling. Finally, the problem of reading difficulties that many students have is one that needs solving. To provide a specialist in this area for our town would be costly. It is hoped that the feasibility of providing this, and other special services, on a shared basis will be given serious consideration.

WILLIAM H. MILNE
Principal

Assessed Valuations of Property, April 1, 1969

Introductory.

The following listing enumerates the assessed valuation of taxable property in the Town of Hopkinton for all taxpayers as of April 1, 1969. Property assessments are maintained by the Selectmen in four large loose-leaf books, three for residents in different areas of town, and one for non-residents. The listings in the three books for residents appear first below, and then the listing for non-residents. Although each book is individually alphabetized, in combining them for this report, we have listed first all "A's" from one book, then all from the second, and next all from the third; and then on through the alphabet. Thus, in looking for the assessment of a particular person's property, whose name begins, for example, with the letter, "T", it may be necessary for a reader to scan through three alphabetical sub-groupings under that letter to locate the particular listing sought.
